Summary of Legislation

Under current law, insurers who declare a vehicle as a total loss may obtain a salvage or nonrepairable title for the vehicle from the Department of Revenue when a vehicle owner has accepted a total loss settlement but failed to provide the insurer with the title. This bill extends that allowance to authorized agents of insurers.

Assessment of No Fiscal Impact

The bill clarifies that authorized agents of insurers are allowed the same ability that insurers are currently allowed to obtain a salvage or nonrepairable title for a vehicle declared as a total loss. The bill does not impact the title issuance or registration process. It will not affect state or local revenue and expenditures; therefore, this bill has been assessed as having no fiscal impact.

Effective Date

The bill was signed into law by the Governor on June 18, 2021, and takes effect on September 7, 2021, assuming no referendum petition is filed.
