Summary of Legislation

This bill continues the grant program enacted in Senate Bill 20-222 to support small businesses facing economic hardship caused by the COVID-19 pandemic.

COVID-19 Small Business Grant Program. The bill modifies the criteria and preferences for grant applicants. Small businesses must demonstrate financial losses related to the pandemic, and preference will be given to businesses who did not receive any or sufficient assistance from the Paycheck Protection Program, are a for-profit sole proprietorship, or are located in an economically distressed area. OEDIT is still required to contract with the Colorado Housing and Finance Authority (CHFA) to operate the grant program.

The bill appropriates \$15.0 million from the General Fund to the grant program and limits administrative overhead for OEDIT to 1.6 percent of total financing, or up to \$240,000. The maximum grant for each business is up to \$15,000, and the grantor may use up to four percent plus \$25 per grant, or up to \$625, for the cost of distribution. Spending authority for OEDIT remains until July 1, 2022.

Reporting. By Nov 1, 2022, the office is required to submit reports to the General Assembly detailing the businesses participating in the program.

Background

The Small Business COVID-19 grant program was created by Senate Bill 20-222, and was financed with \$20.0 million in federal Coronavirus Aid, Relief, and Economic Security (CARES) Act funding.

State Expenditures

Beginning in FY 2021-22, state expenditures will increase in OEDIT by a total of \$15.0 million to continue the COVID-19 Small Business Grant Program. As outlined in the bill, OEDIT may use up to \$240,000 for administrative costs, including communications, technical assistance, and outreach to underserved communities. Of the remaining funds, up to \$615,000 may be used to cover the cost of distributing grants, leaving at least \$14,145,000 for grants to small businesses. Grants may not exceed \$15,000 per business.

Statutory Public Entity

Funding for the grant program will pass through OEDIT and the program will be administered by CHFA, a statutory public entity. This will increase workload and expenditures in CHFA.

Effective Date

This bill was signed into law by the Governor and took effect on June 21, 2021.

State Appropriations

For FY 2021-22, the bill appropriates \$15.0 million to the Office of Economic Development and International Trade, to be spent through July 1, 2022.
