Summary of Legislation

The Homeland Security and All-Hazards Senior Advisory Committee is scheduled to repeal on September 1, 2021. This bill extends the repeal date until September 1, 2031, following a sunset review.

Background

The advisory committee was established in 2012 to provide guidance to various state entities involved in public safety, make recommendations regarding homeland security grants, and facilitate intergovernmental and private sector cooperation. It is housed in the Division of Homeland Security and Emergency Management within the Department of Public Safety. It consists of one main 21-member committee, made up of state officials and their public- and private-sector appointees, and several subcommittees. Committee members serve on a voluntary basis and receive no compensation, but may be compensated for travel or other expenses incurred while performing their duties.

Continuing Program Impacts

The Department of Public Safety's expenditures on committee travel and meeting facilitation are minimal. If this bill is enacted, current expenditures will continue for the program starting in FY 2021-22. If the bill is not enacted, the program will end on September 1, 2021, and state expenditures will decrease beginning that same year.

Effective Date

The bill was signed into law by the Governor and took effect on April 29, 2021.
