A BILL FOR AN ACT

101 CONCERNING REQUIREMENTS FOR BOARDS AND COMMISSIONS.

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://leg.colorado.gov>.)

The bill makes changes related to the requirements for various boards and commissions (boards).

Section 1 of the bill includes standard provisions that generally apply to boards for which membership is based in full or in part on representation from the congressional districts of the state. Specifically, unless a statute or constitutional provision creating a board provides otherwise:

- If a member appointed to represent a district no longer

resides in the district due solely to a change in the district's boundaries following redistricting, the member may serve the remainder of their term notwithstanding the nonresidency;

- If a board increases in size due to the addition of a new congressional district in the state, the appointing authority shall appoint a new member to represent the new district as soon as practicable; and
- If a board decreases in size due to the loss of a congressional district in the state, the appointing authority shall determine which current member's term should be terminated, or, if the member will be replaced by an at-large or other member, which member should be replaced at the expiration of the member's term. The appointing authority must attempt to ensure that the remaining membership adequately represents the remaining congressional districts.

Section 2 establishes standard provisions that apply to all boards unless the statute or constitutional provision creating a board provides differently. The standard provisions include: requiring an appointing authority to fill a vacancy for the remainder of the unexpired term, allowing the designee of a state official to fulfill the official's duties on the board, defining the term "minimum majority" to mean the lowest number of members that is more than half, allowing members to participate in meetings of the board remotely, and clarifying how partial terms count towards any applicable term limit.

Sections 33 and 40 update the statutes that establish the membership of the state board of education and the board of regents of the university of Colorado, respectively, both of which are elected boards created in the state constitution. For the state board of education, **section 33** provides for the election of one new member to represent the eighth congressional district and one new member from the state at large at the 2022 general election. For the board of regents, **section 40** requires the election of a member to represent the eighth congressional district in place of the election of a member representing the state at large at the 2022 general election.

Sections 37, 42, 52, 60, 73, 85, 86, 90, 101, and 107 amend statutes governing boards for which membership is based on the number of congressional districts in the state. For each board, the total number of members is no longer specified. Instead, each statute provides for the appointment of members from each congressional district in the state plus, as applicable, additional members as is currently provided for each board. Provisions requiring staggering of terms and limits on the number of board members who may be affiliated with a single political party are amended to refer to a "minimum majority" of the board to accommodate

any future changes in board membership resulting from changes in the number of Colorado congressional districts.

Section 133 repeals a statute that addressed the impact of redistricting on boards following the 2000 federal decennial census, and a statute that adjusted the lengths of terms of members of certain boards in 1987.

The remaining sections of the bill make changes to statutory provisions governing various boards with appointed members, including:

- Repealing deadlines for events or actions that have already occurred;
- Repealing language setting specific expiration dates or requirements for board members' terms in order to create staggering of the board members' terms, and replacing it with a general requirement that the terms of office are staggered;
- Repealing requirements for notice and hearing before a board member can be removed for cause by an appointing authority;
- Repealing, for certain boards, the requirement that a board member serve until the board member's successor is confirmed by the senate;
- Updating archaic language to conform to current drafting standards;
- Reorganizing sections to clarify requirements related to appointments, qualifications for appointees, and terms of office;
- Clarifying requirements related to the number of board members that may be affiliated with one political party; and
- Making conforming amendments.

1 *Be it enacted by the General Assembly of the State of Colorado:*
