Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://leg.colorado.gov>.)

The bill establishes 3 new grant programs within the division of criminal justice (division) in the department of public safety:

- A multidisciplinary crime prevention and intervention grant program to award grants to law enforcement, other local governmental agencies, and community-based

- organizations to identify high-crime areas and to implement crime prevention and intervention strategies in those areas;
- A law enforcement workforce recruitment, retention, and tuition grant program to award grants to law enforcement agencies to address workforce shortages, increase the number of people being trained for law enforcement positions, and improve training through enhanced curriculum, including mental health training; and
- A state's mission for assistance in recruitment and training (SMART) policing grant program to increase the number of P.O.S.T.-certified and non-certified law enforcement officers who are representative of the communities they police and provide training for those additional law enforcement officers.

The bill directs the executive director of the department of public safety to establish policies and procedures and create advisory committees to review applications and make recommendations on who should receive grants and the amount of the grants.

The bill requires the division to host a statewide forum facilitated by a national criminal justice organization to solicit suggestions on crime prevention measures related to the grant programs.

The bill requires the division to create a project management team to coordinate grant programs.

The bill requires the general assembly to appropriate money for the grant programs in the 2022-23 and 2023-24 fiscal years, for the statewide forum in the 2022-23 fiscal year, and for the project management team in the 2022-23 and 2023-24 fiscal years.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 finds and declares that:

4 (a) The health, safety, and success of Colorado's residents is a top
5 priority;

6 (b) Research has demonstrated that communities and the state can
7 save as much as eight dollars for every dollar spent on supporting
8 community-based, collaborative, multi-agency crime prevention and crisis
9 intervention programs;

10 (c) Research has also shown that crime prevention and crisis

1 intervention strategies that rely on collaboration between communities
2 and neighborhoods, local law enforcement, civic and religious leaders,
3 local service providers, and human service, behavioral health, mental
4 health, workforce, housing and other support service agencies are the
5 most promising approaches for success and sustainability;

6 (d) Data also shows that communities of color are
7 disproportionately impacted by the effects of crime, including arrests,
8 incarceration, and economic factors, due to various socioeconomic factors
9 which can lead to arrest and incarceration;

10 (e) That there are many research-tested and promising programs
11 that can reduce the level of crime and improve safety of communities;

12 (f) That a law enforcement agency workforce that represents the
13 diversity of the community it is intended to serve and protect enhances
14 collaboration and trust; and

15 (g) Ensuring that residents involved with or at risk of entering the
16 criminal or juvenile justice systems have access to resources and supports
17 that can help prevent them from becoming more involved with those
18 systems.

19 (2) Therefore, the general assembly determines that strategies to
20 enhance crime prevention and crisis intervention efforts and provide early
21 intervention responses to those who have entered or are at risk of entering
22 the criminal justice system are warranted, including policies designed to
23 support community efforts to:

24 (a) Develop safe and healthy neighborhoods;

25 (b) Stabilize law enforcement workforces around the state by
26 reducing attrition and enhancing training opportunities for those entering
27 the field; and

1 (c) Diversify law enforcement workforces so they better reflect
2 the communities they serve, which are necessary to help Coloradans
3 prosper and ensure their safety.

4 **SECTION 2.** In Colorado Revised Statutes, **add** 24-33.5-525,
5 24-33.5-526, 24-33.5-527, 24-33.5-528, and 24-33.5-529 as follows:
