The Colorado constitution allows a qualifying senior or a veteran who has a service-connected disability rated as a 100% permanent disability to claim a property tax exemption for 50% of the first \$200,000 of actual value of the qualifying senior's or veteran's owner-occupied primary residence. The concurrent resolution extends eligibility for the exemption to the surviving spouse of a United States armed forces service member who died in the line of duty or veteran whose death resulted from a service-related injury or disease as determined by the United States department of veterans affairs, if the surviving spouse is a recipient of dependency indemnity compensation awarded by the United States department of veterans affairs pursuant to applicable federal law.
