Fiscal Impact of Bill as Amended to Date

The most recent Legislative Council Staff Fiscal Note (attached) reflects the fiscal impact of the bill as of 02/11/2022.

	No Change: Attached LCS Fiscal Note accurately reflects the fiscal impact of the bill
XXX	Update: Fiscal impact has changed due to <i>new information or technical issues</i>
	Update: Fiscal impact has changed due to <i>amendment adopted</i> after LCS Fiscal Note was prepared
	Non-Concurrence: JBC Staff and Legislative Council Staff disagree about the fiscal impact of the bill

The fiscal note identifies the fiscal impact of the bill as \$15,976 General Fund and \$2,208 cash funds, however does not include a \$2,129 reappropriated funds appropriation to the Governor's Office of Information Technology. Legislative Council Staff and JBC Staff agree that an appropriation of \$2,129 reappropriated funds should be included in the appropriation clause of the bill.

Current Appropriations Clause in Bill

The bill requires but does not contain an appropriation clause.

Description of Amendments in This Packet

J.001 Staff has prepared amendment **J.001** (attached) to add a provision appropriating a total of

\$18,184 to the Department of Revenue for FY 2022-23, including \$15,976 General Fund and \$2,208 cash funds from the License Plate Cash Fund. Of this amount, \$2,129 is reappropriated to the Governor's Office of Information Technology.

Points to Consider*General Fund Impact*

The Joint Budget Committee has proposed a budget package for FY 2022-23 based on the March 2022 Legislative Council Staff revenue forecast. The budget package includes two set-asides:

- \$40.0 million General Fund for bills that create ongoing obligations; and
- \$900.0 million General Fund for bills that create one-time obligations in FY 2022-23.

The \$40.0 million *appropriations* set-aside includes an additional \$6.0 million General Fund to provide a 15.0 percent General Fund reserve for those appropriations. The \$900.0 million *obligations* set-aside does not include an additional amount for a General Fund reserve and, assumes, but does not require, that obligations be addressed through statutory transfers rather than appropriations. Therefore *appropriations* from the \$900.0 million set-aside require an additional 15.0 percent to maintain the statutory General Fund reserve.

This bill creates an ongoing obligation and requires a General Fund appropriation of \$15,976 for FY 2022-23, reducing the \$40.0 million set aside by the same amount.

TABOR/ Excess State Revenues Impact

The March 2022 Legislative Council Staff (LCS) revenue forecast projects a TABOR surplus liability of \$1.6 billion for FY 2022-23 and \$622.6 million for FY 2023-24. These sums must be refunded to taxpayers out of the General Fund. Legislation that increases non-exempt revenue (such as cash funds) to the State will further increase the TABOR refund made out of the General Fund.
