Current Appropriations Clause in Bill

The bill includes an appropriation clause that provides \$9,218 reappropriated funds from the Connecting Coloradans Experiencing Homelessness with Services, Recovery Care, and Housing Supports Fund in the Department of Local Affairs to the Governor's Office of Information Technology for FY 2022-23.

Points to Consider*Legislative Appropriation Authority*

Continuous spending authority, also known as **continuous appropriations**, allows departments to spend money for statutorily specified purposes up to the amount of money in the fund without seeking annual legislative approval. An annual appropriation provides a limit on spending authority, while a continuous appropriation provides unlimited spending authority.

This method of funding moves these expenditures off-budget, and thus expenditures are not reported or accounted for through the budget process. Is it necessary for the Department of Local Affairs to **not** seek annual authority from the General Assembly to spend money from the Connecting Coloradans Experiencing Homelessness with Services, Recovery Care, and Housing Supports Fund?
