## Summary of Legislation

The bill requires the State Archivist in the Department of Personnel and Administration (DPA) to submit a proposal to the State Capitol Building Advisory Committee for:

- the creation of a permanent display of the original Colorado Constitution in the state capitol building;
- an online educational exhibition of the Colorado Constitution including all amendments; and

The State Archivist, in partnership with History Colorado, is required to contract with an online exhibit design company to determine best practices for the display and online exhibition, and to submit the proposal by February 28, 2023. The State Archivist is authorized to solicit, accept, and expend bequests, gifts, grants, and donations to accomplish these requirements. The bill prohibits appropriations from the General Fund or any cash fund.

## **Background**

The Colorado Constitution is a 40-page manuscript written on machine-made ledger paper and bound with a 12-page document that includes the minutes of the State Constitutional Convention. The Colorado State Archives in the DPA is the legal custodian of the document. The constitution is currently on loan through December 2022, and available for public viewing, at the History Colorado Center in Denver. The room in which the constitution is currently on display has temperature and climate controls, protective lighting, additional security, and requires museum archivists to periodically turn the pages to ensure the continued preservation of the document.

The Secretary of State and the Colorado General Assembly, currently maintain searchable electronic copies of the Colorado Constitution that are available to the public free-of-charge.
