Current Appropriations Clause in Bill

The bill requires but does not contain an appropriation clause.

Description of Amendments in This Packet

J.001 Staff has prepared amendment **J.001** (attached) to add a provision appropriating a total of \$174,391 General Fund to the Department of Public Health and Environment for FY 2022-

23. This provision also states that the appropriation is based on the assumption that the Department will require an additional 0.8 FTE. Of this amount \$38,433 is reappropriated to the Governor's Office of Information Technology and \$19,714 is reappropriated to the Department of Law, which is based on the assumption that the Department of Law will require an additional 0.1 FTE.

Points to Consider

General Fund Impact

The Joint Budget Committee has proposed a budget package for FY 2022-23 based on the March 2022 Legislative Council Staff revenue forecast. The budget package includes two set-asides:

- \$40.0 million General Fund for bills that create ongoing obligations; and
- \$900.0 million General Fund for bills that create one-time obligations in FY 2022-23.

The \$40.0 million *appropriations* set-aside includes an additional \$6.0 million General Fund to provide a 15.0 percent General Fund reserve for those appropriations. The \$900.0 million *obligations* set-aside does not include an additional amount for a General Fund reserve and, assumes, but does not require, that obligations be addressed through statutory transfers rather than appropriations. Therefore *appropriations* from the \$900.0 million set-aside require an additional 15.0 percent to maintain the statutory General Fund reserve.

This bill creates an ongoing obligation and requires a General Fund appropriation of \$174,391 for FY 2022-23, reducing the \$40.0 million set aside by the same amount.
