Summary of Legislation

In 2021, the General Assembly enacted legislation (SB 21-262) that, among other things, required the disclosure of property tax information to purchasers of newly constructed residences within the boundaries of metropolitan districts. Owners of the property are required to provide the seller with a copy of the most current property tax certificate. SB 21-262 incorrectly referred to county assessors in this provision, where it is in fact county treasurers that issue tax certificates. This bill corrects this incorrect statutory reference by substituting the word “treasurer’s” for the word “assessor’s”.

Assessment of No Fiscal Impact

This bill makes a technical correction to a statutory reference, and results in no change to state or local government revenue or expenditures. For this reason, the bill is assessed as having no fiscal impact.

Effective Date

This bill was signed into law by the Governor and took effect on May 6, 2022.
