107 Department of Public Safety, Division of Criminal Justice, Community Corrections, Community Corrections Placements -- This appropriation assumes the daily rates and average daily caseloads listed in the following table. The appropriation assumes that offenders will not be charged a daily subsistence fee. The base rate for standard nonresidential services assumes a weighted average of the rates for four different levels of service. This appropriation also assumes that the residential base per-diem rate in the table included in this footnote will be increased by 1.0 percent for programs meeting recidivism performance targets and 1.0 percent for programs meeting program completion performance targets.

108 Department of Public Safety, Division of Criminal Justice, Community Corrections, Correctional Treatment Cash Fund Residential Placements -- This  
 9 appropriation includes funding for condition-of-probation placements at rates corresponding to those in footnote 107.

109 Department of Public Safety, Division of Criminal Justice, Community Corrections, Community Corrections Facility Payments -- The amount of the  
 12 appropriation assumes that the Department will make lower facility payments to programs that have lower costs due to case management staffing shortfalls  
 13 or security and case management salary shortfalls relative to the staffing and salary model upon which the appropriation is based. Because per diem rates are  
 14 unchanged for FY 2022-23, these appropriations further assume that salary and staffing levels deemed adequate for FY 2021-22 will be deemed adequate  
 15 for FY 2022-23 and that community corrections facilities with an average of 32 or more security FTE will receive a second facility payment.
