less than \$9,070,933,129.

Current law includes a 5-year averaging provision, which determines a district's pupil count for each budget year by determining the greater of the funded pupil count for the applicable budget year or an average of one to 4 of the prior budget years. The bill provides a similar averaging provision for the institute charter schools on a per-school basis.

For the 2023-24 budget year, the bill distributes \$30 million to large rural districts and small rural districts, including district charter schools and each institute charter school whose accounting district is a large or small rural district. Large rural districts receive 55% of the appropriation, and small rural districts receive 45% of the appropriation. The bill uses the districts' funded pupil count for the 2022-23 budget year.

The bill amends eligibility criteria for the mill levy override match program to exclude an otherwise eligible school district from receiving a state-funded override mill match if the sum of the district's override mills is equal to or greater than the district's override mill capacity, as defined by statute. For the 2023-24 budget year, the bill requires the transfer of \$23,376,536 from the state education fund to the mill levy override match fund and finds that the override mill match is a program for accountable education reform.

The bill requires the general assembly to appropriate \$300,000 from the state education fund to the department of education (department) for the purpose of reimbursing schools for expenses related to replacing an American Indian mascot, and finds that reimbursing schools for these expenses is a program for accountable education reform.

The bill requires the general assembly to appropriate from the state education fund the amount necessary to provide universal screening to identify gifted children through second grade by the 2027-28 budget year and finds that universal screening is a program for accountable education reform.

The bill specifies that for the purpose of any law, with certain exceptions, that applies to or exempts a public entity or a public official, a charter school has the same status as a school district, and certain persons affiliated with the charter school have the same status as a complementary counterpart in a school district. Furthermore, the bill clarifies the application of certain laws to charter schools.

The bill permits the department of education (department), school districts, and institute charter schools to consider life-cycle costs when contracting for technology.

Under current law, every 3 years, the department is required to prepare a report and evaluation on the successes or failures of charter schools, school reform efforts, and suggested changes to laws affecting charter schools. The bill makes this an annual requirement starting in the 2023-24 budget year.

Under current law, a new at-risk measure in the public school

funding formula must be implemented in the 2023-24 budget year. The bill extends the implementation of this requirement to the 2024-25 budget year, and requires the department to conduct pre-implementation modeling and testing of total program funding using the new at-risk factor, and report modeling and testing findings to the education committees and joint budget committee.

The bill creates a public school finance task force for the purpose of examining and making recommendations concerning school finance. The task force is required to submit a report to the education committees of the senate and house of representatives and the joint budget committee by December 15, 2023. Furthermore, the task force is required to set parameters to examine the adequacy of school finance in Colorado, and the department is required to contract with two independent entities to report their findings by January 1, 2025.

The bill extends child nutrition school lunch protection program funding to be used to offset the costs incurred by a facility school in providing lunch to students who are placed in the facility and eligible to participate in the program.

The bill excludes the costs associated with providing for an independent evaluation from the 20% of the money appropriated to the Colorado imagination library program to be used by the contractor for operating costs.

The bill appropriates \$2.5 million to the mill levy equalization fund from the general fund for the 2023-24 budget year.

The bill appropriates \$500,000 to the department of education for the purpose of translating individualized education program documents if House Bill 23-1263 becomes law.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2           **SECTION 1. Legislative declaration.** (1) The general assembly  
3 finds and declares that:

4           (a) The annual total program funding of Colorado's schools is a  
5 collaborative effort between school districts and the state;

6           (b) In recent years, the stabilization of the state budget has  
7 required a reduction in the amount of the annual appropriation to fund the  
8 state's share of total program funding for all school districts and institute  
9 charter schools. This reduction is commonly referred to as the "budget  
10 stabilization factor".

1 (c) The school districts' share of total program funding is  
2 primarily derived from nonresidential and residential property tax  
3 revenue.

4 (d) Colorado's current economic conditions are mixed. While  
5 property values have grown significantly, inflation has grown at its  
6 quickest pace in at least forty years. Because the school finance formula  
7 grows based upon inflation, there exists increasing state obligations to  
8 fund total program due to inflation that do not include a full buy-down of  
9 the budget stabilization factor. Furthermore, there is an expectation that  
10 inflation will not normalize until 2024, resulting in above normal  
11 per-pupil funding growth until the 2025-26 budget year.

12 (e) Colorado's current economic conditions have also limited the  
13 amount of state education funds available to the state for the 2023-24  
14 budget year. Colorado's wage growth is currently slowing, and the latest  
15 office of state planning and budgeting forecast predicts job losses in the  
16 2023-24 budget year. Consequently, there is an expectation that income  
17 revenue will decline for the 2023-24 budget year, which impacts the  
18 money available for diversion from the state education fund.

19 (f) There is, however, a great deal of uncertainty concerning the  
20 continuity and longevity of these current economic conditions. Most  
21 economists consider the risk of recession to be elevated. A recession  
22 would further limit money available for diversion in the state education  
23 fund and reduce available general fund resources. Furthermore, a  
24 recession would negatively impact the revenue available for total program  
25 from local share, due to potential declining property valuations, which  
26 consequently would increase the amount of money required of the state  
27 to fully fund total program, despite a decrease in state revenue.

1 (2) Therefore, the general assembly declares that it is committed  
2 to continuing the efforts to reduce the budget stabilization factor in  
3 subsequent budget years to the degree possible, subject to the economic  
4 landscape. By embracing a more measured approach, the state can avoid  
5 reinstating a budget stabilization factor if the economic environment  
6 takes a more negative turn than what is currently forecasted.

7 **SECTION 2. In Colorado Revised Statutes, 22-54-104, amend**  
8 **(5)(g)(I) introductory portion, (5)(g)(II) introductory portion, (5)(g)(III)**  
9 **introductory portion, (5)(g)(IV), and (5)(g)(V); and add (5)(a)(XXX),**  
10 **(5)(g)(I)(N), (5)(g)(II.7), and (5)(g)(VIII) as follows:**

11 **22-54-104. District total program - definitions - repeal.** (5) For  
12 purposes of the formulas used in this section:

13 (a) (XXX) FOR THE 2023-24 BUDGET YEAR, THE STATEWIDE BASE  
14 PER PUPIL FUNDING IS \$8,076.41, WHICH IS AN AMOUNT EQUAL TO  
15 \$7,478.16, SUPPLEMENTED BY \$598.25 TO ACCOUNT FOR INFLATION.

16 (g) (I) For the 2010-11 budget year ~~and each budget year~~  
17 thereafter THROUGH THE 2023-24 BUDGET YEAR, the general assembly  
18 determines that stabilization of the state budget requires a reduction in the  
19 amount of the annual appropriation to fund the state's share of total  
20 program funding for all districts and the funding for institute charter  
21 schools. The department of education shall implement the reduction in  
22 total program funding through the application of a budget stabilization  
23 factor as provided in this subsection (5)(g)(I). For the 2010-11 budget  
24 year ~~and each budget year thereafter~~ THROUGH THE 2023-24 BUDGET  
25 YEAR, the department of education and the staff of the legislative council  
26 shall determine, based on budget projections, the amount of such  
27 reduction to ensure the following:

1 (N) THAT, FOR THE 2023-24 BUDGET YEAR, THE SUM OF THE TOTAL  
2 PROGRAM FUNDING FOR ALL DISTRICTS, INCLUDING THE FUNDING FOR  
3 INSTITUTE CHARTER SCHOOLS, AFTER APPLICATION OF THE BUDGET  
4 STABILIZATION FACTOR, IS NOT LESS THAN NINE BILLION ONE HUNDRED  
5 ONE MILLION SIX HUNDRED THOUSAND NINE HUNDRED TWENTY-TWO  
6 DOLLARS (\$9,101,600,922); EXCEPT THAT THE DEPARTMENT OF  
7 EDUCATION AND THE STAFF OF THE LEGISLATIVE COUNCIL SHALL MAKE  
8 MID-YEAR REVISIONS TO REPLACE PROJECTIONS WITH ACTUAL FIGURES,  
9 INCLUDING BUT NOT LIMITED TO ACTUAL PUPIL ENROLLMENT, ASSESSED  
10 VALUATIONS, AND SPECIFIC OWNERSHIP TAX REVENUE FROM THE PRIOR  
11 YEAR, TO DETERMINE ANY NECESSARY CHANGES IN THE AMOUNT OF THE  
12 REDUCTION TO MAINTAIN A TOTAL PROGRAM FUNDING AMOUNT FOR THE  
13 APPLICABLE BUDGET YEAR THAT IS CONSISTENT WITH THIS SUBSECTION  
14 (5)(g)(I)(N). FOR THE 2024-25 BUDGET YEAR, THE DIFFERENCE BETWEEN  
15 CALCULATED STATEWIDE TOTAL PROGRAM FUNDING AND ACTUAL  
16 STATEWIDE TOTAL PROGRAM FUNDING MUST NOT EXCEED THE DIFFERENCE  
17 BETWEEN CALCULATED STATEWIDE TOTAL PROGRAM FUNDING AND  
18 ACTUAL STATEWIDE TOTAL PROGRAM FUNDING FOR THE 2023-24 BUDGET  
19 YEAR.

20 (II) For the 2010-11 budget year and each budget year thereafter  
21 THROUGH THE 2023-24 BUDGET YEAR, the department of education shall:

22 (II.7) FOR THE 2024-25 BUDGET YEAR AND EACH BUDGET YEAR  
23 THEREAFTER, THE DEPARTMENT OF EDUCATION SHALL NOT REDUCE TOTAL  
24 PROGRAM FUNDING THROUGH THE APPLICATION OF A BUDGET  
25 STABILIZATION FACTOR.

26 (III) For the 2010-11 budget year and each budget year thereafter  
27 THROUGH THE 2023-24 BUDGET YEAR, except as otherwise provided in

1 subparagraphs (IV) and (V) of this paragraph (g) SUBSECTIONS (5)(g)(IV)  
2 AND (5)(g)(V) OF THIS SECTION, a district's total program shall be IS the  
3 greater of:

4 (IV) For the 2010-11 budget year and each budget year thereafter  
5 THROUGH THE 2023-24 BUDGET YEAR, the total program funding for a  
6 district that levies the number of mills calculated pursuant to section  
7 22-54-106 (2)(a)(II), (2.1)(b)(I)(C), or (2.1)(c)(I), whichever is  
8 applicable, is the amount calculated pursuant to subsection (2) of this  
9 section for the applicable budget year. Any such district shall use the  
10 revenues generated by the number of mills that the district levies pursuant  
11 to section 22-54-106 (2)(a)(II), (2.1)(b)(I)(C), or (2.1)(c)(I), whichever is  
12 applicable, to replace any categorical program support funds that the  
13 district would otherwise be eligible to receive from the state; except that  
14 the amount of categorical program support funds that the district is  
15 required to replace must not exceed an amount equal to the district's  
16 reduction amount. The department shall use the amount of categorical  
17 program support funds replaced by property tax revenue pursuant to this  
18 subsection (5)(g)(IV) to make payments of categorical program support  
19 funds to eligible districts as specified in section 22-54-107 (4).

20 (V) For the 2010-11 budget year and each budget year thereafter  
21 THROUGH THE 2023-24 BUDGET YEAR, if a district levies the number of  
22 mills calculated pursuant to section 22-54-106 (2)(a)(I), (2.1)(b)(I)(A),  
23 (2.1)(b)(I)(B), or (2.1)(b)(II), or (2.1)(c)(II), (2.1)(c)(III), or (2.1)(c)(IV),  
24 whichever is applicable, and the district's reduction amount exceeds the  
25 district's state share of total program funding, such district's total program  
26 funding is the amount calculated pursuant to subsection (2) of this section  
27 for the applicable budget year, minus the district's state aid. Any such

1 district shall use the revenues generated by the number of mills that the  
2 district levies pursuant to section 22-54-106 (2)(a)(I), (2.1)(b)(I)(A),  
3 (2.1)(b)(I)(B), or (2.1)(b)(II), or (2.1)(c)(II), (2.1)(c)(III), or (2.1)(c)(IV),  
4 whichever is applicable, to replace any categorical program support funds  
5 that the district would otherwise be eligible to receive from the state;  
6 except that the amount of categorical program support funds that the  
7 district is required to replace must not exceed an amount equal to the  
8 remainder of the district's reduction amount after the reduction to the  
9 district's total program has been applied pursuant to this subsection  
10 (5)(g)(V). The department of education shall use the amount of  
11 categorical program support funds replaced by property tax revenue  
12 pursuant to this subsection (5)(g)(V) to make payments of categorical  
13 program support funds to eligible districts as specified in section  
14 22-54-107 (4).

15 (VIII) THIS SUBSECTION (5)(g) IS REPEALED, EFFECTIVE JULY 1,  
16 2024.
