## Summary of Legislation

The bill requires that institutions of higher education print both the phone number and text talk number for statewide behavioral health crisis response system (Colorado Crisis Services) and the national suicide and crisis lifeline number (988) on any student identification (ID) cards issued after August 1, 2023. ID cards issued prior to August 1, 2023, do not have to be reprinted. The bill also requires that institutions distribute information for Colorado Crisis Services and 988 at the beginning of each semester or trimester to any students with ID cards issued prior to August 1, 2023, or to all students if the institution does not use student ID cards.

## State Expenditures

The bill increases workload and costs for institutions of higher education to update ID cards with the required information, or to otherwise distribute the information to students. The exact costs will vary by institution and are assumed to be minimal. No change in appropriations is required.

## Effective Date

The bill was signed into law by the Governor and took effect on March 17, 2023.
