## Summary of Legislation

During the 2023 legislative interim session, the bill instructs the Transportation Legislation Review Committee (TLRC) to analyze the issue of crime victims whose vehicles have been nonconsensually towed, either by law enforcement or from private property. The TLRC must make recommendations to the General Assembly and may recommend legislation as part of the interim committee bill request process.

## State Expenditures

In FY 2023-24, there will be a minimal workload increase for the Department of Public Safety, Department of Revenue, and the Public Utilities Commission, among others, to participate in the TLRC's review of crime victim towing issues. This workload can be accomplished within existing resources. The study will occur as part of the regularly scheduled committee meetings in the 2023 interim and, as such, no additional resources are required for the legislative service agencies that staff the TLRC.

## Local Government

The bill may add workload to local agencies asked to provide information to the TLRC during the 2023 interim. This workload can be accomplished within existing resources.

## Effective Date

The bill was signed into law by the Governor on May 15, 2023, and takes effect on August 7, 2023, assuming no referendum petition is filed.
