The bill makes out-of-state online dealers of motor vehicles subject to the jurisdiction of the Motor Vehicle Licensing Board. The bill minimally increases state workload on an ongoing basis.

Appropriation Summary: No appropriation is required.

Fiscal Note Status: The fiscal note reflects the enacted bill.

Summary of Legislation

The bill subjects out-of-state online dealers of motor vehicles to the jurisdiction of the Motor Vehicle Licensing Board (MVLB) in the Department of Revenue when conducting transactions in Colorado. Out-of-state dealers do not need to maintain a physical presence in the state, but if their activities would be licensed in the state, then they are subject to investigations, cease and desist orders, and administrative hearings by the board.

State Expenditures

This bill increases workload for the Department of Revenue by a minimal amount. The bill increases the number of dealers who are subject to the jurisdiction of the MVDB, resulting in an increase in the number of consumer complaints and investigations handled by the board. Because the new population of dealers is small, the workload increase can be accomplished within existing appropriations.

Effective Date

This bill was signed into law by the Governor and took effect on March 3, 2023.
