The bill creates the agricultural behavioral health community of practice work group (work group) in the department. The work group is scheduled for sunset review and repeal on September 1, 2029.

The bill establishes the agricultural behavioral health grant program (grant program) in the department. The purpose of the grant program is to:

- Continue existing programs or create new programs that address the root causes of behavioral health issues in the agricultural industry or in rural communities;
- Strengthen collaborative efforts between organizations and communities in addressing the root causes of behavioral health issues in the agricultural industry or in rural communities; and

The bill requires the department to contract with a statewide agricultural organization to convene an in-person annual summit for organizations with an interest in promoting and providing behavioral health care to agricultural communities.

The department and the BHA are required to enter into an
