child care licensing compliance requirements.

The bill creates the bilingual licensing unit to help the department satisfy its duties and requires the general assembly to appropriate \$235,000 from the general fund to the department for the 2024-25 state fiscal year and for each year thereafter to pay the costs of the bilingual licensing unit's activities.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly  
3 finds and declares that:

4 (a) All Colorado children are entitled to quality child care and  
5 education services;

6 (b) Quality early care and education contribute to the development  
7 of cognitive and social-emotional skills, including attentiveness,  
8 persistence, motivation, self-control, and teamwork;

9 (c) The child care sector in Colorado is too limited to serve all of  
10 the young children in the state who need care. Large portions of  
11 Colorado, especially rural areas, are **licensed** child care deserts where,  
12 regardless of cost, families cannot find local services for their children.

13 (d) According to the Bell Policy Center, the total capacity for  
14 licensed child care is for 156,691 children in Colorado, while there are  
15 231,993 children under six years of age with all parents in the workforce.  
16 This is a gap of 75,302 children who do not have an available licensed

1 child care provider.

2 (e) In response to these challenges and in support of the mission  
3 of the department of early childhood to ensure the delivery of a  
4 comprehensive, community-informed, data-driven, high-quality, and  
5 equitable early childhood system that supports the care, education, and  
6 well-being of all of Colorado's young children, their families, and early  
7 childhood professionals in all settings, the state has an obligation to  
8 promote greater access to child care by expanding the provider pool.

9 (2) The general assembly also finds and declares that:

10 (a) The department of early childhood must update its mobile  
11 licensing application to offer fair access to resources in prevalent  
12 languages, ultimately facilitating the process for providers to become  
13 licensed;

14 (b) This act represents the state's commitment to addressing the  
15 critical need for accessible licensing services in prevalent languages,  
16 serving as a testament to the state's dedication to ensuring equitable  
17 access to child care licensing resources and support; and

18 (c) Early care and education programs are a cornerstone of child  
19 development, and language should not be a barrier to access to care for  
20 children across Colorado.

21 (3) Therefore, the general assembly declares that:

22 (a) The general assembly affirms the vital role of a culturally and  
23 linguistically diverse child care provider population in addressing the  
24 multifaceted needs of Colorado's diverse communities;

25 (b) The department of early childhood shall be required to provide  
26 licensing services in prevalent languages in order to ensure fair access to  
27 the child care licensing process;

1 (c) There shall be a bilingual licensing unit within the department  
2 of early childhood; and

3 (d) The department of early childhood shall update its mobile  
4 licensing application accordingly.
