- The annual rate of growth of the levy; and
- The mechanism for determining the annual rate of growth of the levy.

The board of county commissioners or other body authorized by law to levy taxes must provide this information, along with the identity of the entity that fixes each levy rate, with its annual certification of levies. The counties are required to ensure that this information is publicly available.

13 **39-3-210. Reporting of property tax revenue reductions -**  
14 **reimbursement of local governmental entities - definitions - local**  
15 **government backfill cash fund - creation - repeal.** (4) (e) ~~The state~~  
16 ~~treasurer shall reduce a local governmental entity's reimbursement as~~  
17 ~~necessary to prevent the local governmental entity from exceeding its~~  
18 ~~fiscal year spending limit under section 20 (7)(b) of article X of the state~~  
19 ~~constitution for the fiscal year.~~

20 **SECTION 3.** In Colorado Revised Statutes, 39-5-121, **amend**  
21 (1)(a)(I) as follows:

22 **39-5-121. Notice of valuation - legislative declaration -**  
23 **definition - repeal.** (1) (a) (I) No later than May 1 in each year, the  
24 assessor shall mail to each person who owns land or improvements a  
25 notice setting forth the valuation of such land or improvements. For  
26 agricultural property, the notice must separately state the actual value of  
27 such land or improvements in the previous year, the actual value in the

1 current year, and the amount of any adjustment in actual value. For all  
2 other property, the notice must state the total actual value of such land  
3 and improvements together in the previous year, the total actual value in  
4 the current year, and the amount of any adjustment in total actual value.  
5 The notice must not state the valuation for assessment of such land or  
6 improvements or combination of land and improvements. Based upon the  
7 classification of such taxable property, the notice must also set forth the  
8 appropriate ratio of valuation for assessment to be applied to said actual  
9 value prior to the calculation of property taxes for the current year and  
10 that any change or adjustment of the ratio of valuation for assessment  
11 must not constitute grounds for the protest or abatement of taxes. ~~The~~  
12 ~~assessor shall include in the notice an estimate of the taxes, or an~~  
13 ~~estimated range of the taxes, owed for the current property tax year. The~~  
14 ~~notice must clearly state that the tax amount is merely an estimate based~~  
15 ~~upon the best available information.~~ The notice must state, in bold-faced  
16 type, that the taxpayer has the right to protest any adjustment in valuation,  
17 ~~but not the estimate of taxes if such an estimate is included in the notice,~~  
18 the classification of the property that determines the assessment  
19 percentage to be applied, and the dates and places at which the assessor  
20 will hear such protest. The notice must also set forth the following: That,  
21 to preserve the taxpayer's right to protest, the taxpayer shall notify the  
22 assessor either in writing or in person of the taxpayer's objection and  
23 protest; that such notice must be delivered, postmarked, or given in  
24 person no later than June 8; and that, after such date, the taxpayer's right  
25 to object and protest the adjustment in valuation is lost. The notice must  
26 be mailed together with a form that, if completed by the taxpayer, allows  
27 the taxpayer to explain the basis for the taxpayer's valuation of the

1 property. Such form may be completed by the taxpayer to initiate an  
2 appeal of the assessor's valuation. However, in accordance with section  
3 39-5-122 (2), completion of this form does not constitute the exclusive  
4 means of appealing the assessor's valuation. For the years that intervene  
5 between changes in the level of value, if the difference between the actual  
6 value of such land or improvements in the previous year and the actual  
7 value of such land or improvements in the intervening year as set forth in  
8 such notice constitutes an increase in actual value of more than  
9 seventy-five percent, the assessor shall mail together with the notice an  
10 explanation of the reasons for such increase in actual value.

11 **SECTION 4. Appropriation.** (1) For the 2024-25 state fiscal  
12 year, \$50,296 is appropriated to the department of local affairs. This  
13 appropriation is from the general fund. To implement this act, the  
14 department may use this appropriation as follows:

15 (a) \$23,098 for use by the division of local government for  
16 personal services, which amount is based on an assumption that the  
17 division will require an additional 0.4 FTE; and

18 (b) \$27,198 for the purchase of information technology services.

19 (2) For the 2024-25 state fiscal year, \$27,198 is appropriated to  
20 the office of the governor for use by the office of information technology.  
21 This appropriation is from reappropriated funds received from the  
22 department of local affairs under subsection (1)(b) of this section. To  
23 implement this act, the office may use this appropriation to provide  
24 information technology services for the department of local affairs.

26 valuation sent and information sent with certifications of levies completed  
27 on or after the effective date of this act.

1           **SECTION 6. Safety clause.** The general assembly finds,  
2 determines, and declares that this act is necessary for the immediate  
3 preservation of the public peace, health, or safety or for appropriations for  
4 the support and maintenance of the departments of the state and state  
5 institutions.
