Summary of Legislation

The bill creates the Electronic Smoking Device Recycling Strategies Advisory Group in the Department of Public Health and Environment (CDPHE). The advisory group must evaluate methods and strategies for recycling single-use electronic smoking devices, including policy recommendations for the state or local governments and any existing grant programs that may assist. The advisory group must submit a report of its findings to the General Assembly, CDPHE, and the Governor's office by October 1, 2025. The advisory group repeals September 1, 2026.

State Revenue

The bill potentially increases state revenue to the General Fund from gifts, grants, or donations; however, no sources have been identified at this time. Gifts, grants, and donations are exempt from TABOR revenue limits.

State Expenditures

The bill increases state expenditures in CDPHE by \$175,329 in FY 2024-25, paid from the General Fund. Expenditures are shown in Table 2 and detailed below.

¹ Centrally appropriated costs are not included in the bill's appropriation.

Department of Public Health and Environment. The department requires an estimated 2,000 hours of a consultant at \$75 per hour to oversee the advisory group, attend advisory group meetings, and prepare the advisory group's final report. CDPHE also requires 0.4 FTE in FY 2024-25 only to solicit the contract for the consultant, facilitate the appointment of advisory group members, and coordinate advisory group meetings. Workload may minimally increase in FY 2025-26 to review deliverables and close out the consultant's contract.

Centrally appropriated costs. Pursuant to a Joint Budget Committee policy, certain costs associated with this bill are addressed through the annual budget process and centrally appropriated in the Long Bill or supplemental appropriations bills, rather than in this bill. These costs, which include employee insurance and supplemental employee retirement payments, are shown in Table 2.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.

State Appropriations

For FY 2024-25, the bill requires a General Fund appropriation of \$175,329 and 0.4 FTE to the Department of Public Health and Environment, of which \$150,000 requires roll-forward spending authority for FY 2025-26.
