Summary of Legislation

The bill continues the State Board of Licensure for Architects, Professional Engineers, and Professional Land Surveyors in the Department of Regulatory Agencies (DORA), which is scheduled to repeal on September 1, 2024, for nine years, until September 1, 2033. The bill also makes changes to the program, including:

- adding failure to respond to the board regarding complaints as a grounds for discipline;
- updating references to names of professional examinations;
- allowing noncitizens and nonresidents to be board members; and
- repealing references regarding the Occupational Credential Portability Program.

The full sunset report can be found [here](#).

Continuing Program Impacts

Based on recent appropriations, DORA is expected to have revenue of about \$1.5 million and expenditures of about \$1.3 million to administer the program. If this bill is enacted, current revenue and expenditures will continue for the program starting in FY 2025-26. This continuing revenue is subject to the state TABOR limits. If this bill is not enacted, the program will end on September 1, 2024, following a wind-down period, and state revenue and expenditures will decrease starting in FY 2025-26 by the amounts shown in Table 1. The changes to the program do not drive additional revenue and costs.

Effective Date

The bill was signed into law by the Governor on June 3, 2024, and takes effect on August 7, 2024, assuming no referendum petition is filed.
