Summary of Legislation

The bill prohibits a property owner of multiunit buildings or mobile home parks from denying a broadband internet service provider access to the property to install infrastructure to provide high-speed broadband service. A broadband service provider includes providers that are financed by a local government or a private provider. The bill specifies the legal obligations and rights of both broadband providers and property owners regarding the deployment of broadband infrastructure.

Local Government

The bill may reduce workload for local governments acting as a broadband internet service provider by clarifying the rights and obligations of the local government and property owners relative to installing internet infrastructure in multiunit buildings and mobile home parks.

Effective Date

The bill was signed into law by the Governor on May 22, 2024, and takes effect on August 7, 2024, assuming no referendum petition is filed.
