Members of the Legislative Audit Committee
University of Northern Colorado
President Andrew Feinstein
Greeley, Colorado

We have performed the procedures enumerated below, which were agreed to by the Office of the State Auditor and the University of Northern Colorado (the University), solely to assist you in evaluating whether the accompanying Statement of Revenues and Expenses (the Statement) of the University Intercollegiate Athletics Department is in compliance with the National Collegiate Athletic Association (the NCAA) Bylaw 3.2.4.15 for the year ended June 30, 2019. The University’s management is responsible for the Statement and the Statement’s compliance with these requirements. The sufficiency of these procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below, either for the purpose for which this report has been requested or for any other purpose.

The procedures that we performed and our findings are as follows:

**General Procedures**

1. **Agreement To General Ledger And Supporting Detail**

   We obtained the Statement for the year ended June 30, 2019, as prepared by management. For all line items on the Statement greater than 4.0% (of either revenues or expenses), we recalculated the addition of the amounts on the Statement, compared amounts on the Statement to management’s supporting documentation and compared the amounts on management’s schedules to the general ledger and the audited financial statements of the University.

   **Findings:**

   No exceptions were found as a result of applying these procedures.
2. **Comparison Of Actual To Budget**

We compared Fiscal Year 2019 actual revenues and expenses to budgeted revenues and expenses. We obtained management’s explanations for each revenue and expense account over 10.0% of each respective total that yielded variations over 10.0% when compared to the budgeted amount.

*Findings:*

Management explained that the annual detailed budget that is published by the University is formatted and established in a fashion that correlates to the audited financial statements. As such, a comparison on the level of the revenues and expenses reported in the Statement is not available.

3. **Comparison Of Actual To Prior Year**

We compared Fiscal Year 2019 actual revenues and expenses to prior-year revenues and expenses. We obtained management’s explanations for each revenue and expense account over 10.0% of each respective total that yielded variations over 10.0% when compared to the prior year.

*Findings:*

There were no fluctuations in revenues or expenses that were greater than the above noted thresholds that could not be explained by management. Management has included a narrative of significant fluctuations in the notes to the Statement.

4. **Sponsored Sports**

We compared and agreed the sports sponsored reported in the NCAA Membership Financial Reporting System to the squad lists of the University.

*Findings:*

There were no exceptions noted in the procedures performed.
5. **Sports Sponsorship And Demographic Forms Report**

We obtained the University’s Sports Sponsorship and Demographics Forms Report for the reporting year. We confirmed that the countable sports reported by the institution meet the minimum requirements set forth in Bylaw 20.9.6.3 for the number of contests and the number of participants in each contest that are counted toward meeting the minimum contest requirement. We confirmed that the University has properly reported these sports as countable for revenue distribution purposes within the NCAA Membership Financial Reporting System.

*Findings:*

There were no exceptions noted in the procedures performed.

6. **Pell Grants**

   a. We agreed the total number of Division I student-athletes who, during the academic year, received a Pell Grant award (e.g., Pell Grant recipients on Full Grant-in-Aid, Pell Grant recipients on Partial Grants-in-Aid and Pell Grant recipients with no Grants-in-Aid) and the total value of these Pell Grants reported in the NCAA Membership Financial Reporting System to a report, generated out of the institutions financial aid records, of all student-athlete Pell Grants.

   *Findings:*

   There were no exceptions noted in the procedures performed.

   b. We compared current-year Pell Grants to prior-year reported totals per the Membership Financial Report submission. We inquired and documented as explanation for any variance greater than +/-20 grants.

   *Findings:*

   There were no exceptions noted in the procedures performed.

7. **Excess Transfers To Institution And Conference Realignment Expenses**

Per discussion with management, there were no items related to this category for the year ended June 30, 2019, and as such, no procedures were performed.
8. **Total Athletics Related Debt**

a. We obtained repayment schedules for all outstanding intercollegiate athletics debt during the reporting period. We recalculated annual maturities (consisting of principal and interest) provided in the schedules obtained.

*Findings:*

Per discussion with management, there is no outstanding debt specifically related to athletics as of June 30, 2019.

b. We agreed the total annual maturities and total outstanding athletic debt related to supporting documentation and the institution’s general ledger, as applicable.

*Findings:*

Per discussion with management, there is no outstanding debt specifically related to athletics as of June 30, 2019.

9. **Total Institutional Debt**

We agreed the total outstanding institutional debt to supporting documentation and the institution’s audited financial statements, if available, or the institution’s general ledger.

*Findings:*

No exceptions were found as a result of applying these procedures.

10. **Value Of Athletics Dedicated Endowments**

We obtained a schedule of all athletics dedicated endowments maintained by athletics, the institution and affiliated organizations. We agreed the fair market value in the schedule(s) to supporting documentation, the general ledger(s) and audited financial statements, if available.

*Findings:*

No exceptions were found as a result of applying these procedures.
11. **Value Of Institutional Endowments**

We agreed the total fair market value of institutional endowments to supporting documentation, the institution’s general ledger and/or audited financial statements, if available.

*Findings:*

No exceptions were found as a result of applying these procedures.

12. **Total Athletics-Related Capital Expenditures**

a. We obtained a schedule of athletics-related capital expenditures made by athletics, the institution and affiliated organizations during the reporting period.

*Findings:*

We also tied the calculation to supporting documents such as seat manifests, ticket sales reports and student fee totals.

   **Findings:**

1. Note To Statement Of Revenues And Expenses (Unaudited)

Basis Of Presentation

The Statement of Revenues and Expenses (the Statement) of the Intercollegiate Athletics Department of the University of Northern Colorado (the University) is prepared in conformity with accounting principles generally accepted in the United States of America.

Indirect Institutional Support

General ground support, custodial support and maintenance for the University’s track is allocated as nonprogram-specific indirect institutional support within the Statement, unless specifically identified as program-specific within a University work order.

Capital Assets

Athletics-related capital assets are recorded at cost at the date of acquisition or acquisition value at the date of donation if acquired by gift. The University’s capitalization policy includes items with a value of $10,000 or more and an estimated useful life greater than one year.

Depreciation is computed using the straight-line method over the estimated useful life of the asset, generally 40 years for buildings and improvements, 20 years for land improvements, 3 years for software, 10 years for library books and 3 - 10 years for equipment and vehicles. Depreciation expense is not allocated among functional categories.

Debt

As of June 30, 2019, the University did not have any outstanding debt specifically and solely related to the University’s Intercollegiate Athletics. The footnotes to the University’s audited financial statements for June 30, 2019 provide detail on all of the general bonds and capital leases of the University as a whole.
Transfers To The Institution

Transfers to the institution are contributions made from the Intercollegiate Athletics Department to support the University College. The money is used to offset salaries for academic staff in the Student-Athlete Academic Success Office, which monitors and assists in the academic activities of all student athletes.

Major Variances

To better understand some of the changes from Fiscal Year 2018 to Fiscal Year 2019, the major variances are noted below:

Sources Of Funds:

- Direct institutional support increased by $944,526 in Fiscal Year 2019 due primarily to a decrease in football game guarantee revenues in the year. As a result, direct institutional support was increased.

Uses Of Funds:

- No individual line items increased more than the prescribed threshold in the current year.
