Purpose and Overview of the State Education Fund

Purpose

The School Capital Construction Report contained herein was completed pursuant to Section 2-3-115, C.R.S., which requires the State Auditor to report annually on the amount of State Education Fund monies expended in the state for school capital construction. The State Auditor must submit the School Capital Construction Report to the House and Senate Education Committees, the Legislative Audit Committee, and the Joint Budget Committee by February 1 of each year, commencing with the Fiscal Year 2002 reporting period. The statutory provisions related to the School Capital Construction Report are provided in the Appendix.

The Office of the State Auditor compiles the School Capital Construction Report from data maintained and self-reported by the Department of Education (the Department). We gratefully acknowledge the cooperation of Department staff in providing the requested information.

Overview of the State Education Fund

The State Education Fund (Fund) was established by voters in November 2000 through Amendment 23 (Colorado Const., art. IX, sec. 17). Amendment 23 provides specific funding increases for preschool through 12th grade, financed through state income taxes. Among other things, Fund monies can be used to support public school construction. Fund monies for capital construction were provided to both school districts and charter schools beginning in Fiscal Year 2002.

Fiscal Year 2012 expenditures for capital construction from the Fund were as follows:

- **School Districts.** For Fiscal Year 2012, no funds were appropriated from the State Education Fund to the School Capital Construction Expenditures Reserve (Reserve Fund) for school capital construction. The monies previously appropriated to but not spent from the Reserve Fund are used for grants awarded by the State Board of Education and are paid to the districts on a reimbursement basis. There is no requirement that school districts spend all of their capital construction grants in the same year that the grants are awarded. In Fiscal Year

2012, no State Education Fund expenditures were paid from grants awarded in previous fiscal years.

- **Charter Schools.** In Fiscal Year 2012, \$5 million in Fund monies for capital construction were appropriated and distributed to charter schools individually on a formula basis. Beginning with Fiscal Year 2005, under House Bill 04-1362 both charter schools approved by the Charter School Institute within the Department, as well as district-approved charter schools, are eligible for monies from the Fund. For Fiscal Year 2012, charter schools reported spending approximately \$5 million in Fund monies on capital construction, which was funded with monies appropriated to charter schools in Fiscal Year 2012.

The following pages shows each charter school's Fund monies expended in Fiscal Year 2012 for school capital construction, as required by Section 2-3-115, C.R.S.

The appendix provides the text of Section 2-3-115, C.R.S., for your convenience.
