**About this report:** This spreadsheet provides several reports on fiscal data from Legislative Council Staff Fiscal Notes. Data is provided only for bills current pending before the General Assembly or that have been signed/enacted into law. An overview of the information provided on each tab is below.

---

**Net General Fund Impact:** This report shows the net impact of bills on the General Fund (GF) after accounting for changes in GF Revenue, GF Expenditures, and Transfers to and from the GF. The net impact is calculated as follows:

Net GF Impact = Revenue - Expenditures + Transfers

So for example a bill that decreased revenue by (\$5,000) and increased spending by \$10,000 would have net impact of (\$15,000), i.e., the amount of General Fund available to spend or save is decreased by \$15,000. Cash Fund impacts do not show up in this report. Because TABOR refunds may be affected by the broader revenue situation, changes to TABOR refunds paid from the GF are not included in the Net GF Impact for individual bills or the Total Impact across all bills. A separate Total Impact Including TABOR Refunds is provided for informational purposes.

---

**State Expenditures:** This report shows the change in state expenditures. Spending is broken down by General Fund, cash funds and federal funds. Fiscal note data does not show reappropriated funds; instead, the fiscal note will only show the original source of funds and does not double-count funds being spent by a second agency.

---

**State Revenue:** This report shows the change in state revenue to the General Fund and cash funds. It also shows how much of this revenue is subject to the state's revenue limit under TABOR.

---

**State Transfers:** This report shows transfers of money between funds, including General Fund and cash funds. Some cash funds of interest (such as the Marijuana Tax Cash Fund, Capital Construction Fund, etc) are separated out. A negative number in parenthesis indicates that money is moving from the fund and a positive number indicates the receiving fund. This report also captures diversions of funds (money being routed to a new fund in place of another fund).

---

**House/Senate Appropriations:** This report shows bills currently assigned to House and Senate Appropriations.

---

**DATA LIMITATIONS:** Aggregated data on the fiscal impacts of legislation are provided for informational purposes only. Please refer to the most recent fiscal note for each bill to see the most up-to-date assessment of that legislation.

While LCS strives to maintain the accuracy of this data, data are manually entered and may contain errors, typos, or other mistakes. In addition, fiscal notes are frequently updated. There may be instances where a bill is temporarily removed from this report prior to a revised fiscal note being published. Finally, in some instances, new data may appear in these reports while a revised fiscal note is still in the process of being published.
