

# MEMORANDUM

## JOINT BUDGET COMMITTEE

TO Joint Budget Committee  
FROM Scott Thompson, JBC Staff (303-866-4957)  
DATE May 22, 2020  
SUBJECT Technical Correction for Annualization of H.B. 18-1325

---

During proofing and in conjunction with a review by the Governor's Office of Information Technology (OIT), **JBC staff recommends the Committee approve a decrease of \$2.0 million General Fund currently appropriated to the Public Safety Network in OIT.** This funding was originally appropriated for FY 2018-19 through passage of H.B. 18-1325 (Digital Trunked Radio Gaps). The amount of funding included in the bill and fiscal note assumed a General Fund payment to the Public Safety Communications Trust Fund of \$2.0 million for FY 2018-19 and FY 2019-20. Therefore, for FY 2020-21 the funding in the base associated with the bill should be eliminated.
