| SUBJECT: | FY 2008-09 Late Supplemental Request for the Division of Youth Corrections |
| DATE:    | February 18, 2009  |

The Department requests several adjustments to the FY 2008-09 appropriations for the Purchase of Contract Placements line item and the Parole Program Services line item, resulting in no change to the *net* General Fund. The adjustments include: (1) a reduction of \$1,247,601 reappropriated funds (Medicaid funds) in the Purchase of Contract Placements line item based on an anticipated underutilization of Medicaid funds; (2) a transfer of an amount equal to the General Fund portion of those Medicaid funds (\$623,800) to the Parole Program Services line item; and (3) a transfer of an additional \$397,775 General Fund from the Purchase of Contract Placements line item to the Parole Program Services line item. The Department is requesting these transfers in order to continue a stable source of funding for the Continuum of Care Initiative.

Staff has concerns about the amount that is being transferred to the Parole Program Services line item because the request indicates that the shortfall in the Purchase of Contract Placements line item as a result of these transfers will be \$483,702 *net* General Fund. As such, staff has calculated a smaller transfer from the Purchase of Contract Placements line item to the Parole Program Services line item. Staff's calculations for the caseload need in the Purchase of Contract Placements line item can be found on the last page of this document (Appendix A).

The current reappropriated funds appropriation in the supplemental bill for the Purchase of Contract Placements line item is \$2,793,569, which includes a provider rate reduction of \$13,848. Staff has calculated a FY 2008-09 need for \$1,545,969 reappropriated funds; therefore, \$1,247,600 could be reduced from the reappropriated funds appropriation. This would allow the transfer of \$623,800 (the equivalent of the Medicaid General Fund portion) from the Purchase of Contract Placements line item, as requested by the Department.

In addition, the current General Fund appropriation in the supplemental bill for the Purchase of Contract Placements line item is \$41,502,084, which includes a provider rate reduction of \$205,760. Staff has calculated a FY 2008-09 need for \$41,335,986 General Fund; therefore, \$166,098 General Fund could be transferred from the Purchase of Contract Placements line item.

Staff recommends that the Committee approve: (1) a reduction of \$1,247,600 reappropriated funds (Medicaid funds) in the Purchase of Contract Placements line item; (2) a transfer of an amount equal

to the General Fund portion of those Medicaid funds (\$623,800) to the Parole Program Services line item; and (3) a transfer of an additional \$166,098 General Fund from the Purchase of Contract Placements line item to the Parole Program Services line item.

Assumptions:

1. Assumes the December 2008 Legislative Council Staff (LCS) projection of 1,206 commitment beds for FY 2008-09.

2. Estimated beds for Boulder Impact Project reflect February 2009 DYC estimated capacity for FY 2008-09.

3. Assumes 479 detention beds pursuant to Section 19-2-1201, C.R.S. Of these, 447.3 are in state-operated facilities.

4. Assumes contract rates provided by the Division of Youth Corrections as a part of its FY 2008-09 bed plan as amended in February 2008.

5. The percentage of PRTF, TRCCF, and RCCF placements, as a percent of total commitment beds, is based on the estimated ratio provided by the Division of Youth Corrections as a part of its budget request for FY 2008-09.

\* These amounts are included for informational purposes only. Medicaid cash funds are classified as cash funds exempt for the purpose of complying with Article X, Section 20 of the State Constitution. These moneys are transferred from the Department of Health Care Policy and Financing where generally half of the dollars are appropriated as General Fund. Net General Fund equals the General Fund dollars listed above plus the General Fund transferred as part of Medicaid.

#### JUVENILE PAROLE BOARD

Pursuant to Section 19-2-206 (6), C.R.S., the Department of Human Services is responsible for providing clerical support for the Juvenile Parole Board (JPB). The juvenile parole board administrator is appointed by the executive director of the Department of Human Services.

The Juvenile Parole Board is a nine-member body responsible for reviewing and approving parole applications for adjudicated juveniles in the custody of the Division of Youth Corrections (DYC). Authority for the Juvenile Parole Board is established in Section 19-2-206, C.R.S. The full board is required to meet no less than once per month (Section 19-2-206 (4), C.R.S.). Members of the Juvenile Parole Board are reimbursed for expenses incurred in the performance of their duties. In addition to the reimbursement of expenses, the four citizen board members and the local elected official member receive a per diem of one hundred fifty dollars per day spent transacting official business of the board.

The Department requests an appropriation of \$252,582, including \$206,814 General Fund and \$45,768 reappropriated funds, and 2.2 FTE for this line item. The request includes annualization of salary survey and performance-based pay awarded in FY 2008-09 as well as annualization of H.B. 08-1156. Staff recommends that the Committee approve an appropriation of \$252,582, including \$206,814 General Fund and \$45,768 reappropriated funds, and 3.0 FTE for this line item. Staff's recommendation was calculated pursuant to JBC common policy, which does not include a base reduction for FTE levels below 20. A summary of the staff recommendation can be found in the following table.

# (11) DIVISION OF YOUTH CORRECTIONS (DYC)

The Division of Youth Corrections in the Department of Human Services is responsible for management and oversight of delinquent juveniles who are detained while awaiting adjudication, and for those who are committed to the Department after adjudication. In addition, juveniles may be sentenced as a condition of parole for up to 45 days to a detention facility.

The Division's responsibility for committed juveniles extends through a six-month mandatory parole period during which the youth is in the community. Finally, the Division allocates funds by formula to each judicial district in accordance with S.B. 91-94 for the development of local alternatives to incarceration.

Both the Division of Criminal Justice and the Legislative Council Staff provide population estimates for the Division of Youth Corrections. These estimates are considered by the Joint Budget Committee when determining appropriations, as population growth and inflation are the main factors in the need for additional appropriations. Below is a comparison of the projections.

The figure setting recommendations contained in the following sections of this document generally reflect estimated caseload (December 2008 population projections from Legislative Council Staff), which are driven by current law. Staff recommends that the Committee use the Legislative Council Staff December 2008 average daily population projections for determining appropriations to the Division of Youth Corrections.

# (A) ADMINISTRATION

This section of the Division is responsible for establishing program policies and procedures for the treatment of juveniles in the custody of the Division and monitoring compliance with these standards. Also, this section collects data and provides strategic planning. Other duties include contract management and victim notification. Support for accounting, facility maintenance, and human resource functions is provided by other divisions within the Department of Human Services.

#### PERSONAL SERVICES

This line item funds salaries, PERA, and Medicare for administrative and management staff of the Division. The workload for the Personal Services line item in the Administration section is driven by the number of employees and programs in the Division that require supervision and strategic guidance, and by the amount and complexity of research and statistical data requested by the legislature, general public, and DYC's own management.

As the DYC commitment population changes, the number of youth in contract placements changes as well. Although the direct care of the youths is provided by the private sector, any caseload growth

18-Feb-09

requires DYC to manage a larger number of contracts with private providers (including contracts with licensed Psychiatric Residential Treatment Facilities and Therapeutic Residential Child Care Facilities, medical and mental health treatment providers, local school districts, and colleges).

The Department requests an appropriation of \$1,382,127 General Fund and 15.4 FTE for this line item. The request is for a continuation level of funding calculated pursuant to OSPB's budget instructions. **Staff recommends that the Committee approve an appropriation of \$1,382,127 General Fund and 15.4 FTE for this line item.** This recommendation includes the application of Committee common policies. The total recommendation for this line item is summarized in the following table.

# **OPERATING EXPENSES**

This line item provides operating funds for the administrative and management staff of the Division. Expenditures are for general office supplies; office equipment maintenance, purchases, and repairs; and travel.

# Decision Item #NP-2 - Postage Increase and Mail Equipment Upgrade

The Department requests \$1,542 General Fund, which reflects the Department's share of a prioritized decision item in the Department of Personnel and Administration. That decision item will be discussed in the figure setting presentation for the Department of Personnel and Administration. The request includes increases related to postage costs and mail equipment upgrades. For this line item,

the request includes an increase of \$138 General Fund.

# Staff's recommendation for this request is pending the Committee's action in the Department of Personnel and Administration related to Decision Item #NP-2.

**Request for Line Item.** The Department requests an appropriation of \$30,432 General Fund for this line item. The request includes an increase of \$138 General Fund related to Decision Item #NP-2 (Postage Increase and Mail Equipment Upgrade). **Staff recommends that the Committee approve an appropriation of \$30,294 General Fund for this line item, which does not include an increase associated with Decision Item #NP-2. Staff also asks permission to include in the FY 2009-10 Long Bill any amount that is approved for this line item related to Decision Item #NP-2.** 

# VICTIM ASSISTANCE

This line item provides spending authority and 0.5 FTE to help DYC fulfill its obligation to keep victims informed. For victims of qualifying charges (crimes against persons), DYC provides notification of all movements and status changes of the perpetrator within the youth corrections system, such as escapes and return to custody, eligibility for visits to the community and cancellation of visits, hearings involving the perpetrator, re-commitments, transfer to the adult system, death, and expiration of commitment. The victim has the right at any of these events to provide statements for review.

*Fund Source Overview.* The source of reappropriated funds for the victim assistance program is a grant from the Division of Criminal Justice in the Department of Public Safety, made pursuant to Section 24-33.5-506, C.R.S. The State Victims Assistance and Law Enforcement Advisory Board (State VALE Board), created in Section 24-33.5-508, C.R.S., advises the Division of Criminal Justice on what grants to make. Revenue for the State VALE fund comes from a percentage of surcharges on criminal offenders levied at the judicial district level, with a small amount coming from the Department of Corrections' Prison Industry Enhancement Program (federal) of which a certain amount must be used to provide direct services to crime victims.

The Department requests an appropriation of \$29,599 reappropriated funds (VALE funds transferred from the Division of Criminal Justice) and 0.5 FTE for this line item. The request is based on a continuation level of funding incorporating the OSPB common policies. Staff recommends that the Committee approve an appropriation of \$29,599 reappropriated funds (VALE funds transferred from the Division of Criminal Justice) and 0.5 FTE for this line item. The staff recommendation for this line item is summarized in the following table.

| Summary of Recommendation — Department of Human Services<br>(11) Division of Youth Corrections – (A) Administration<br>Victim Assistance |                         |            |  |  |

# **(B) INSTITUTIONAL PROGRAMS**

This section of the Division funds state-operated detention and commitment facilities, and diagnostic and program services for juveniles while they are in a DYC institution. Additional services for juveniles who leave an institutional setting, for example to a community placement or parole, are funded through the Community Programs section.

#### PERSONAL SERVICES

This line item pays salaries for the majority of program, supervisory, and support staff at DYC institutions. Educational and medical staff are funded in separate line items, and physical plant staff are funded through the Office of Operations.

# **Budget Amendment #51 - Provider Rate Decrease**

The Department requests a reduction of \$1,101,045 *net* General Fund in the Division of Youth Corrections related to a provider rate decrease. This decrease keeps provider rates at the FY 2007-08

levels for FY 2009-10. The Committee has already voted to approve the Department's request related to FY 2009-10 provider rates; therefore, staff has included those reductions in this figure setting document.

*Request for Line Item.* The Department requests an appropriation of \$44,370,006 General Fund and 794.3 FTE for this line item. The request includes a reduction of \$13,500 General Fund related to Budget Amendment #51 (Provider Rate Decrease).

*Staff Recommendation for Line Item.* Staff recommends that the Committee approve an appropriation of \$43,926,171 General Fund and 794.3 FTE for this line item. Staff's recommendation, which is summarized in the following table, incorporates the amount discussed above regarding the provider rate decrease.

| Summary of Recommendation — Department of Human Services<br>(11) Division of Youth Corrections – (B) Institutional Programs<br>Personal Services |                  |            |  |  |

# **OPERATING EXPENSES**

This line item funds the operation of DYC facilities, including such expenses as uniforms for staff and juveniles, custodial and laundry supplies, telephone fees, office equipment, and counseling supplies. Nearly half of the appropriation is for food and food service supplies, but food costs are paid primarily by the federal school breakfast and lunch program. Reappropriated funds in the line item are funds transferred from the Department of Education for the federal school breakfast and lunch program.

# Decision Item #17 - Inflationary Increase

The Department requests a 1.5 percent increase (\$113,547 total funds, including \$96,515 *net* General Fund) in the utilities line item to assist in covering higher costs for electricity, natural gas, water, sewage, and coal used in its direct care facilities. The request also includes an 8.5 percent increase (\$447,604 total funds, including \$415,024 *net* General Fund) to address inflation in the cost of food provided at Department residential facilities. For DYC, the total amount requested is \$164,179 General Fund related to the 8.5 percent increase for food.

As mentioned above in the description of this line item, it is staff's understanding that food costs are paid primarily by the federal school breakfast and lunch program. Given the current economic situation and the understanding that a majority of the Division's food costs are federally-supported, staff does not recommend that the Committee approve an increase related food and utilities inflation.

**Request for Line Item:** The Department requests an appropriation of \$3,576,490, including \$2,246,290 General Fund and \$1,330,200 reappropriated funds, for this line item. The request includes an increase of \$164,179 General related to Decision Item #17 (Inflationary Increase), and \$877 General Fund related to Decision Item #NP-2 (Postage Increase and Mail Equipment Upgrade). Staff recommends that the Committee approve an appropriation of \$3,411,434, including \$2,081,234 General Fund for this line item. Staff also asks permission to include in the FY 2009-10 Long Bill any amount that is approved for this line item related to Decision Item #NP-2. This recommendation is summarized in the following table.

# MEDICAL SERVICES

Personnel, contract, and operating costs associated with providing medical services to DYC youth were consolidated into one line item several years ago to enable better tracking of costs and to provide the Division with more flexibility in managing medical expenses. Because this is a program line item, there are three distinct components to the recommendation: (1) personal services; (2) contract services; and (3) operating expenses. At the end of the discussion for this line item, staff has provided a summary delineating the components of the staff recommendations for this line item.

| Medical Services Staffing Summary        | FY 2007-08<br>Actual | FY 2008-09<br>Appropriation | FY 2009-10<br>Request | FY 2009-10<br>Recommended |

The Department requests an appropriation of \$8,061,627 General Fund and 39.0 FTE for this line item. The request includes an increase of \$47 General Fund related to Decision Item #NP-2 (Postage Increase and Mail Equipment Upgrade). The medical services line item is comprised of several distinct cost centers: (1) personal services; (2) contract services; and (3) operating expenses.

# (1) Personal Services

**Description.** This portion of the line item pays for staff in state-operated facilities who provide routine medical care and administer medications, especially psychotropics. Youth in contract facilities are eligible for Medicaid.

*Staff Recommendation for Personal Services.* Staff recommends that the Committee approve an appropriation of \$2,379,845 General Fund and 39.0 FTE for personal services. This recommendation includes the JBC common policy of a 1.0 percent reduction.

# (2) Contract Services

**Description.** The Division's primary contract for medical services is with Devereaux Cleo Wallace to provide acute mental health services at Lookout Mountain Youth Services Center in the Cypress Unit. Also, the Division uses contract dollars to pay Colorado Access for managing specialty off-site medical needs. The Division spends smaller amounts on contracts for infrequently used on-site medical services, such as psychiatrists, and on contracts for medical services in areas where it is difficult to recruit state FTE.

*Staff Recommendation for Contract Services.* Staff recommends that the Committee approve the Department's request for a continuation level of funding of \$2,050,000 for contract services.

# (3) Operating Expenses

**Description.** The majority of medical operating expenses are for youth in state-owned or state-operated commitment facilities. Federal rules prohibit youth in state-owned or state-operated institutions from accessing Medicaid. However, juveniles in contract facilities can typically meet Medicaid eligibility requirements because they are considered a family of one for the income criteria. Exceptions exist for youth placed out-of-state and youth in secure contract facilities. Detained youth who have not been committed, and therefore are not officially a ward (legal custody) of the State, may retain the Medicaid status they had prior to detention for the short duration of their stay.

*Staff Recommendation for Operating Expenses.* Staff recommends that the Committee approve a continuation level of funding of \$3,607,696 for operating expenses. This recommendation does not include the Department's request for an increase related to Decision Item #NP-2 (Postage Increase and Mail Equipment Upgrade) because that decision item is pending a Committee common policy decision.

Staff Recommendation for Line Item. Staff recommends that the Committee approve an appropriation of \$8,037,541 General Fund and 39.0 FTE for this line item. Staff also asks permission to include in the FY 2009-10 Long Bill any amount that is approved for this line item related to Decision Item #NP-2. Staff's recommendation is summarized below.

# ENHANCED MENTAL HEALTH SERVICES PILOT FOR DETENTION

The funding in this line item is intended to examine the efficacy of providing intensive mental health services for detained youth. At the time this line item was added to the budget, DYC had a system-wide problem with readmissions to detention. The Division believed that a disproportionate share

of the juveniles getting readmitted had a mental health problem that was not being treated in the community. The appropriation in the line item provided for assessment by DYC of youth in detention at the Mount View and Grand Mesa facilities. A companion piece of funding in the Division of Children's Health and Rehabilitation provided community treatment upon release.

Due to the shortage of General Fund dollars, this line item was eliminated in FY 2003-04. In FY 2005-06, the General Assembly provided \$250,000 General Fund to reestablish this program. The Department requests an appropriation of \$261,997 General Fund for this line item. The request includes a reduction of \$3,930 General Fund associated with Budget Amendment #51 (Provider Rate Decrease). Staff recommends that the Committee approve an appropriation of \$261,997 General Fund for this line item. The staff recommendation for this line item is summarized in the following table.

#### EDUCATIONAL PROGRAMS

This line item funds personal services and operating expenses associated with education, primarily in state-operated commitment facilities. In contract commitment facilities, and in detention facilities, education is the responsibility of local school districts and paid for with the help of state per pupil operating revenue (PPOR). A limited portion of the Educational Programs line item is used to supplement PPOR-funded services at detention facilities with health education, such as AIDS prevention and substance abuse prevention.

There are three sources of federal funds for this line item that appear as reappropriated funds because the money is transferred from the Department of Education: (1) the Carl D. Perkins Vocational Education Act for vocational training (\$30,000); (2) Title I of the Elementary and Secondary Education Act for disadvantaged youth (\$206,336); and (3) the Individuals with Disabilities Education Act for special education (\$107,557).

The Department requests an appropriation of \$5,883,062, including \$5,539,169 General Fund and \$343,893 reappropriated funds, and 40.8 FTE for this line item. This request includes a reduction

of \$31,004 General Fund associated with Budget Amendment #51 (Provider Rate Decrease).

#### **PREVENTION/INTERVENTION SERVICES**

This line item provides spending authority for an intra-agency agreement between DYC and the Alcohol and Drug Abuse Division (ADAD) located in the Division of Mental Health. Historically, the funds have supported drug and alcohol assessment and training for substance abuse counselors in DYC facilities. Prior to FY 2002-03, the funds were originally appropriated in ADAD as General Fund dollars. Because the funds are transferred to DYC, they were reflected as reappropriated funds in DYC's budget. However, as a result of budget reductions, no General Fund dollars are transferred from ADAD. The dollars transferred to DYC (reappropriated funds) are federal funds from ADAD.

The Department requests a continuation appropriation of \$49,693 reappropriated funds and 1.0 FTE, for this line item. **Staff recommends that the Committee approve an appropriation of \$49,693 reappropriated funds (federal funds transferred from ADAD) and 1.0 FTE for this line item.** This recommendation is calculated *without* including the Committee common policy of a 1.0 percent base reduction because the line item has fewer than 20.0 FTE.

# (C) COMMUNITY PROGRAMS

This section of the Division funds contract placements of juveniles typically in community settings with lower security levels than state-operated institutions. This section also supports case management that begins during a juvenile's stay in commitment and continues through the end of parole. Finally, this section funds S.B. 91-94 programs intended to divert juveniles from detention and commitment, or reduce their length of stay.

#### PERSONAL SERVICES

This line item supports personal services for case managers, support staff, and regional administrators, who are responsible for overseeing contract placements and the overall operation of DYC services in the area. Beginning in FY 1997-98, the Division combined the role of case manager and parole officer, so the same individual tracks a juvenile through the system from commitment to the end of parole.

The source of cash funds in this line item is a reimbursement by the operator of the Ridge View facility to offset the cost of monitoring the facility pursuant to Section 19-2-411.5 (2) (e), C.R.S.

# **Budget Amendment #50 - Eliminate Expansion of Functional Family Parole**

The Department requests a reduction of \$356,994 General Fund and 1.8 FTE related to eliminating the expansion of Functional Family Parole (FFP). The request includes \$98,184 General Fund and 1.8 FTE in the Personal Services line item, \$8,810 General Fund in the Operating Expenses line item, and \$250,000 General Fund in the Parole Program Services line item. This request would eliminate the statewide expansion of the FFP program, which is currently being piloted in the DYC Central Region.

**Request for Line Item.** The Department requests an appropriation of \$8,249,032, including \$7,909,250 *net* General Fund, and 117.0 FTE for this line item. The request includes a reduction of \$98,184 General Fund and 1.8 FTE associated with Budget Amendment #50 (Eliminate Expansion of Functional Family Parole). Staff recommends that the Committee approve an appropriation of \$8,169,192, including \$7,829,410 *net* General Fund, and 117.0 FTE for this line item. Staff's calculations for the line item are below.

#### **OPERATING EXPENSES**

This line item provides operating funds for the FTE in the personal services line item above. The single largest expenditure category from this line item is fuel expenditures, reflecting the mobile nature of case management work. The source of cash funds is fees collected from the Ridge View contractor to offset the cost of monitoring operations in DYC facilities, which is required pursuant to Section 19-2-411.5 (2) (e), C.R.S.

The Department requests an appropriation of \$351,377, including \$348,929 General Fund and \$2,448 cash funds, for this line item. The request includes an increase of \$327 General Fund associated with Decision Item #NP-2 (Postage Increase and Mail Equipment Upgrade), and a decrease of \$8,810 General Fund associated with Budget Amendment #50 (Eliminate Expansion of Functional Family Parole). Staff recommends that the Committee approve an appropriation of \$351,050, including \$348,602 General Fund and \$2,448 cash funds, for this line item. Staff also asks permission to include in the FY 2009-10 Long Bill any amount that is approved for this line item related to Decision Item #NP-2. Staff's calculations for the line item are below.

#### PURCHASE OF CONTRACT PLACEMENTS

This line item provides funding for the Division to contract with private for-profit and non-profit organizations to house and treat youth. All of the contracts funded through this line item are for residential services. Non-residential services are paid for through other line items.

The source of reappropriated funds is Medicaid funds transferred from the Department of Health Care Policy and Financing.

*Long Bill Footnote.* In the 2003 Long Bill, the Committee added a footnote to this line item authorizing the Division to spend up to 5.0 percent of the appropriation on treatment and transition services for youth in state-operated facilities. In FY 2005-06, this percentage was increased to 10.0 percent, in FY 2007-08 the percentage was increased to 15.0 percent, and for this year (FY 2008-09) the percentage was increased to 20.0 percent. The Division has used this flexibility to implement its Continuum of Care Initiative, which includes evidence-based practices to help transition youth from residential to community-based programs.

#### **Budget Amendment #7 - Purchase of Contract Placements - Continuum of Care**

The Department requests a transfer of \$750,000 General Fund from the Purchase of Contract Placements line item to the Parole Program Services line item. The request seeks to use this money to fund the Continuum of Care Initiative. The requested transfer is intended to separate contract residential placements from funding of nonresidential services provided to committed youth.

Staff has calculated the need for the Purchase of Contract Placements line item and has concluded that \$779,763 General Fund can be transferred to the Parole Program Services line item. Therefore, staff recommends that the Committee approve a transfer of \$779,763 General Fund from the Purchase of Contract Placements line item to the Parole Program Services line item.

#### **Budget Amendment #28 - Reduction Based on Flexibility Allowed in Long Bill Footnote**

The Department requests a reduction of \$9,149,992 General Fund to the Purchase of Contract Placements line item. This line item provides funding for the Division of Youth Corrections to contract with private for-profit and non-profit organizations to house and treat youth.

The Department's request removes much of the funding flexibility allowed in the FY 2009-10 Long Bill. However, the request does not seek to true up the Purchase of Contract Placements line item with the average daily population (ADP) projections. Instead the request calculates the reduction based on delayed implementation of the following projects: (1) \$3,500,000 to re-activate the 40-bed Community Accountability Program; (2) \$1,326,000 for physical plant improvements; (3) \$2,000,000 for H.B. 04-1451 Collaborative Management programs; (4) \$600,000 for Digital Trunked Radios; and (5) \$1,123,992 of additional flexible funds. The remaining funding flexibility is requested for the Division to maintain the Continuum of Care Initiative.

# Staff recommends that the Committee approve a reduction of \$9,149,992 General Fund to the Purchase of Contract Placements line item.

**Request for Line Item.** The Department requests an appropriation of \$42,972,178, including \$41,589,461 *net* General Fund. The request includes a decrease of \$750,000 associated with Budget Amendment #7 (Purchase of Contract Placements - Continuum of Care), a decrease of \$9,149,992 General Fund associated with Budget Amendment #28 (Reduction Based on Flexibility Allowed by Long Bill Footnote), and a decrease of \$793,083, including \$772,092 *net* General Fund, associated with Budget Amendment #51 (Provider Rate Decrease) The following table summarizes the request.

#### MANAGED CARE PILOT PROJECT

This line item is used to fund the Boulder County Impact Project, which is a managed care agreement between the Division of Youth Corrections and Boulder County for handling delinquent youth. The agreement caps the dollars that can be used for detained and committed youth in Boulder County.

The Department requests an appropriation of \$1,369,892, including \$1,353,224 *net* General Fund, for this line item. The request includes a decrease of \$20,549 General Fund associated with Budget Amendment #51 (Provider Rate Decrease). **Staff recommends that the Committee approve an appropriation of \$1,369,892, including \$1,353,224** *net* **General Fund, for this line item.** Staff's calculations for the line item are below.

#### SENATE BILL 91-94 PROGRAMS

Senate Bill 91-94 authorized the creation of local, judicial-district based programs designed to provide alternatives to incarceration for pre-adjudicated and adjudicated youth. These programs work to reduce the incarcerated population by impacting the number of admissions into DYC facilities, or by reducing the length of stay for youths placed in DYC facilities. Senate Bill 91-94 funds are also used in each judicial district to implement a uniform intake screening and assessment of all youth taken into custody by law enforcement. The goal of this intake screening is to determine the most appropriate placement for youth. Four levels of placement are identified on the screening instrument, including secure detention, staff secure detention, residential/shelter, and home detention with monitoring.

Of the funds appropriated to this line item, the Division reserves three percent for research, evaluations, technical assistance, and audits. The remainder of the money is allocated by formula to programs in each judicial district. Historical funding has been based on approximately 25 percent for committed youth and 75 percent for detained youth. However, because of recent budget reductions and because of the statutory cap on juvenile detention beds, the funds are currently used for detention services only.

The Department requests an appropriation of \$13,101,046 General Fund for this line item. The request includes an increase of \$153 General Fund associated with Decision Item #NP-2 (Postage Increase and Mail Equipment Upgrade), and a decrease of \$196,513 General Fund associated with Budget Amendment #51 (Provider Rate Decrease). Staff recommends that the Committee approve an appropriation of \$13,100,893 General Fund for this line item. Staff also asks permission to include in the FY 2009-10 Long Bill any amount that is approved for this line item related to Decision Item #NP-2. Staff's calculations for the line item are below.

#### PAROLE PROGRAM SERVICES

This line item was created in FY 1998-99 through the consolidation of several line items providing wrap-around services to parolees and pre-parolees. The funds are designed to assist in a successful transition from commitment to parole, and in successful completion of parole. In addition, some of the services, such as electronic monitoring, create conditions in the community that may make the Parole Board more comfortable with releasing a juvenile to parole sooner.

The Department requests an appropriation of \$5,876,851, including \$4,980,441 General Fund. The request includes an increase of \$750,000 General Fund associated with Budget Amendment #7 (Purchase of Contract Placements - Continuum of Care). In addition, the request includes a decrease of \$250,000 General Fund associated with Budget Amendment #50 (Eliminate Expansion of

Functional Family Parole), and a decrease of \$76,903, including \$63,457 General Fund, related to Budget Amendment #51 (Provider Rate Decrease).

**Staff recommends the Committee approve an appropriation of \$5,906,614, including \$5,010,204 General Fund and \$896,410 federal funds (Title IV-E), for this line item.** The following table summarizes the staff recommendation.

*Source of Federal Funds.* The source of federal funds is Title IV-E funding. Title IV-E provides assistance to states in paying a portion of the cost associated with maintaining certain youth in out-of-home placements. The youth must meet eligibility criteria based on family income and committing circumstances (best interests of the child and reasonable efforts to avoid out-of-home placement). The placement must be in a non-institutional, non-secure, community-based setting. Many of DYC's youth and placements meet the criteria.

The Division uses random moment sampling (RMS), a federally approved method of accounting for personal services time spent on Title IV-E eligible activities. Under RMS, an automated system calls client managers arbitrarily to determine what they are doing at that moment and for the preceding hour, and whether that activity qualifies for Title IV-E reimbursement. Then, based on the percentage of Title IV-E eligible youth in the system, the agency can claim the federal funds.

#### JUVENILE SEX OFFENDER STAFF TRAINING

This line item was added through a supplemental appropriation in FY 2002-03 for the purpose of funding training costs for DYC staff. Pursuant to the provisions of H.B. 00-1317 (Tool / Anderson), the Sex Offender Management Board (SOMB) was required to develop standards for the evaluation and identification of juvenile sex offenders. The standards developed by the SOMB are founded on best practices, which include an emphasis on informed supervision. Implementing this concept involves a list of supervisory roles and duties for all individuals who have a direct care or custodial relationship with a juvenile sex offender, which includes facility staff, case managers, parents, teachers, coaches, etc. The Division estimates that, on average, approximately 250 youth in its custody either have been adjudicated for a sexual offense or have charges that include an underlying factual basis for a sexual offense. This estimate includes the population in residential treatment or under parole supervision.

18-Feb-09

The Department requests a continuation appropriation of \$47,060 total funds, including \$38,250 cash funds (Sex Offender Surcharge Fund) to train Department staff and contractors so that they can continue the process of complying with standards developed by the Sex Offender Management Board. The remaining \$8,810 General Fund is annualization from H.B. 07-1093, which requires DYC to develop polices and procedures regarding sexual assaults that occur in facilities for which they are responsible.

Staff recommends that the Committee approve an appropriation of \$47,060, including \$8,810 General Fund and \$38,250 cash funds, for this line item. The source of cash funds is the Sex Offender Surcharge Fund established in Section 18-21-103 (3), C.R.S.

#### DEPARTMENT OF HUMAN SERVICES DIVISION OF YOUTH CORRECTIONS FY 2009-10 LONG BILL FOOTNOTES AND REQUESTS FOR INFORMATION

#### Long Bill Footnotes

Staff recommends the following footnotes be **<u>continued</u>**.

2 Department of Corrections, Management, Executive Director's Office Subprogram; Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Alcohol and Drug Abuse Division; and Division of Youth Corrections; Judicial Department, Probation and Related Services; and Department of Public Safety, Division of Criminal Justice -- State agencies involved in multi-agency programs requiring separate appropriations to each agency are requested to designate one lead agency to be responsible for submitting a comprehensive annual budget request for such programs to the Joint Budget Committee, including prior year, request year, and three year forecasts for revenues into the fund and expenditures from the fund by agency. The requests should be sustainable for the length of the forecast based on anticipated revenues. Each agency is still requested to submit its portion of such request with its own budget document. This applies to requests for appropriation from the Drug Offender Surcharge Fund, the Sex Offender Surcharge Fund, the Persistent Drunk Driver Cash Fund, and the Alcohol and Drug Driving Safety Fund, among other programs.

<u>Comment:</u> Staff believes this footnote is useful because there have been historical difficulties with coordinating multi-agency programs. As such, staff believes this footnote provides helpful information for the General Assembly to ensure the sustainability of cash funds that are appropriated to multiple agencies.

41 Department of Human Services, Division of Youth Corrections, Community Programs, Purchase of Contract Placements -- It is the intent of the General Assembly that up to 20.0 percent of the General Fund appropriation to this line may be used to provide treatment, transition, and wrap-around services to youths in the Division of Youth Correction's system in residential and non-residential settings.

<u>Comment:</u> Staff believes this footnote is useful because it provides the Division of Youth Corrections with the flexibility to fund its Continuum of Care Initiative. Because the Continuum of Care Initiative has been shown to reduce the youth commitment population, staff believes this funding flexibility is justified.

# **Requests for Information**

Staff recommends the following information requests be continued as modified.

Department of Human Services, Division of Youth Corrections, Administration -- The Department is requested to provide a report to the Joint Budget Committee on January 1, 2009 2010 that tracks and compares recidivism rates between those juveniles receiving drug and alcohol treatment and those not receiving treatment, while sentenced to commitment.

Comment: Staff believes that this footnote is useful because of the importance placed on the reduction

18-Feb-09

of recidivism by the General Assembly. This request was added as a footnote in FY 2007-08; therefore, staff believes it would be helpful to have a few years of data before contemplating removing this request.

Department of Human Services, Division of Youth Corrections, Community Programs, Purchase of Contract Placements -- The Division is requested to provide a report to the Joint Budget Committee on November 1, <del>2008.</del> 2009. This report should include the following information: (1) the amount spent serving youths in residential and non-residential settings from this line item in FY <del>2007-08;</del> 2008-09; (2) the type of services purchased with such expenditures; (3) the number of committed and detained youths treated with such expenditures; (4) baseline data that will serve to measure the effectiveness of such expenditures; and (5) an evaluation of the effectiveness of this footnote in addressing the need for flexibility in treating and transitioning youth from residential to non-residential settings.

<u>Comment:</u> Staff believes that this written request for information is useful because it provides departmental accountability for the funding flexibility that is provided. The requested report allows the General Assembly to see how the funding flexibility was used by the Division of Youth Corrections.

Staff recommends the following information requests be **continued.** 

Department of Corrections, Totals; Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Alcohol and Drug Abuse Division, and Division of Youth Corrections; Department of Public Safety, Division of Criminal Justice -- It is the intent of the Joint Budget Committee that the impacts of the Governor's Recidivism Reduction and Offender Diversion Package funded by the General Assembly in 2007, be analyzed using contract funding appropriated for this purpose to the Department of Public Safety, Division of Criminal Justice. The evaluation should specifically address: the Short-term Intensive Residential Remediation Treatment Program (STIRRT) in the Department of Human Services, Diversion Community Corrections Beds in the Department of Public Safety, Mental Health Beds in the Department of Public Safety, and any new programs or services created or implemented through additional budgetary flexibility provided to the Division of Youth Corrections in the Department of Human Services. It is the intent of the General Assembly that the contractor compare the outcomes for offenders who participate in these programs with outcomes for offenders in predetermined control groups. The Department of Public Safety, Division of Criminal Justice, in conjunction with other state departments, is requested to submit an annual progress report to the Joint Budget Committee by November 1 of each year. This report is requested to include a summary of the number of offenders served by each program and a summary of the program evaluation techniques that will be used to examine the effectiveness of each program. The Department of Public Safety, Division of Criminal Justice, is requested to submit a final report to the Joint Budget Committee on or before November 1, 2012. The final report should specifically address whether any of the interventions funded were cost-effective and, based on this, recommendations for continuation, modification or elimination of each program.

<u>Comment:</u> This footnote was added through the FY 2007-08 Long Bill (S.B. 07-239) to account for the efficacy of the Governor's Recidivism Reduction and Offender Diversion Package. Staff believes the requested reports will provide the General Assembly with useful information regarding which programs are effective at reducing recidivism.

Department of Human Services, Division of Youth Corrections, Administration -- The Division is requested to continue its efforts to provide outcome data on the effectiveness of its programs. The Division is requested to provide to the Joint Budget Committee, by January 1 of each year, an evaluation of Division placements, community placements, and nonresidential placements. The evaluation should include, but not be limited to, the number of juveniles served, length of stay, and recidivism data per placement.

<u>Comment:</u> Staff believes this written request for information is useful because the annual report provides information regarding length of stay and recidivism. This information allows the General Assembly to see trends in the Division of Youth Corrections.

Department of Human Services, Division of Youth Corrections, Community Programs, S.B. 91-94 Programs -- The Department is requested to submit to the Joint Budget Committee no later than November 1 of each year a report that includes the following information by judicial district and for the state as a whole: (1) comparisons of trends in detention and commitment incarceration rates; (2) profiles of youth served by S.B. 91-94; (3) progress in achieving the performance goals established by each judicial district; (4) the level of local funding for alternatives to detention; and (5) identification and discussion of potential policy issues with the types of youth incarcerated, length of stay, and available alternatives to incarceration.

<u>Comment:</u> Staff believes this written request for information is useful because it provides data that allows the General Assembly to determine the effectiveness of the S.B. 91-94 programs. This requested report provides additional accountability to the S.B. 91-94 programs.
