No issue regarding the forfeiture of the property shall be raised at the hearing on the motion, except the court may consider an innocent owner defense pursuant to section 16-13-303 (5.2) by a proponent who has not been charged in a parallel criminal action arising from the same activity giving rise to the forfeiture proceedings. When the innocent owner defense is raised as grounds for vacating the order, the issues at the hearing shall be limited to modifying the order to provide for the use of the property during the pendency of the action by an innocent owner, but only if such use is consistent with preserving it for forfeiture as to any other interest. Such a modifying order may include, without limitation, reasonable provisions for the continued occupancy of a residence, or the operation of a business and the sale or disposition of business inventory. However, no such modifying order shall include the release of currency. The ~~sixty-day~~ SIXTY-THREE-DAY time limitation established by this paragraph (a) shall not apply where the seizure of the property occurred pursuant to a warrant authorizing such seizure or otherwise under any statute or rule of criminal procedure if the property is held as evidence in a pending criminal investigation or in a pending criminal case. The petition shall be accompanied by a supporting affidavit, and both shall describe the property seized with reasonable particularity and shall include a list of witnesses to be called in support of the claim for forfeiture, including the addresses and telephone numbers thereof.

(b) If the court finds from the petition and supporting affidavit that probable cause exists to believe that the seized property is contraband property as defined in this part 5, it shall, without delay, issue a citation directed to interested parties to show cause why the property should not be forfeited. The citation shall fix the date and time for a first appearance on the petition. The date fixed shall be no less than ~~thirty~~ THIRTY-FIVE days and no more than ~~sixty~~ SIXTY-THREE days from the date of the issuance of the citation.

(c) At the first appearance on the petition, the court shall set a date and time for a hearing on the merits of the petition within ~~forty-five~~ FORTY-NINE days ~~of~~ AFTER the first appearance.

(7) If the seized property is of a type for which title or registration is required by law, or if the owner of the property and his OR HER address are known in fact, or if the seized property is subject to a perfected security interest, the prosecuting attorney shall give notice of the forfeiture action to the claimant, either by personal service of the petition, supporting affidavit, and citation upon him OR HER or by sending copies of such documents by certified mail, return receipt requested, to the last-known address of such claimant. If the documents are properly mailed to an address which the prosecutor has reasonable grounds to believe is the last-known address of the potential claimant, said documents shall be deemed served whether or not the claimant responds to the notice to claim them at the post office. Unknown persons who may claim any interest in the property, persons whose addresses are unknown, and persons upon whom the prosecutor has been unable to effect service

as otherwise provided in this subsection (7) despite diligent good faith efforts may be served pursuant to a court order by publishing a copy of the citation twice in a newspaper of general circulation in the county in which the proceeding is instituted. The fact of such publication shall be conclusively established by the publisher's affidavit of publication. The first publication shall be more than ~~ten~~ FOURTEEN days and the last publication not less than ~~five~~ SEVEN days before the first appearance date on the citation.

The governor shall make reasonable efforts to locate the judge who sentenced and the attorney who prosecuted at the trial of the applicant and shall afford them a reasonable time, not less than ~~ten~~ FOURTEEN days, to comment on such applications. The requirements of this section shall be deemed to have been met if the persons to whom the application is submitted for comment do not comment within ~~ten~~ FOURTEEN days ~~of~~ AFTER their receipt of the application or within such other reasonable time in excess of ~~ten~~ FOURTEEN days as specified by the governor, or if the sentencing judge or prosecuting attorney cannot be located, are incapacitated, or are otherwise unavailable for comment despite the good-faith efforts of the governor to obtain their comments. Good character previous to conviction, good conduct during confinement in the correctional facility, the statements of the sentencing judge and the district attorneys, if any, and any other material concerning the merits of the application shall be given such weight as to the governor may seem just and proper, in view of the circumstances of each particular case, a due regard being had to the reformation of the accused. (2) Prior to entry of a plea of guilty to be followed by deferred judgment and sentence, the district attorney, in the course of plea discussion as provided in sections 16-7-301 and 16-7-302, C.R.S., is authorized to enter into a written stipulation, to be signed by the defendant, the defendant's attorney of record, and the district attorney, under which the defendant is obligated to adhere to such stipulation. Such stipulation shall specifically provide that, upon a breach by the defendant of any condition regulating the conduct of the defendant, the court shall enter judgment and impose sentence upon such guilty plea. When, as a condition of the deferred sentence, the court orders the defendant to make restitution, evidence of failure to pay the said restitution shall constitute prima facie evidence of a violation. Whether a breach of condition has occurred shall be determined by the court without a jury upon application of the district attorney or a probation officer and upon notice of hearing thereon of not less than ~~five~~ SEVEN days to the defendant or the defendant's attorney of record. Application for entry of judgment and imposition of sentence may be made by the district attorney or a probation officer at any time within the term of the deferred judgment or within ~~thirty~~ THIRTY-FIVE days thereafter. Judicial review of such district decisions may be taken in the manner and governed by the standards set forth for review of commission and state engineer decisions in section 37-90-115.

(2) Subject to review by the ground water commission pursuant to subsection (1) of this section, the board may institute control measures or regulations to prescribe satisfactory and economical measuring methods for the measurement of water levels in and the amount of water withdrawn from wells and to require reports to be made at the end of each pumping season showing the date and water level at the beginning of the pumping season, the date and water level at the end of the pumping season, and any period of more than ~~thirty~~ THIRTY-FIVE days cessation of pumping during such pumping season.

SECTION 156. In Colorado Revised Statutes, 37-90-137, **amend** (2) (b) (II) (B), (2) (b) (II) (E), and (3) (c) as follows:

37-90-137. Permits to construct wells outside designated basins - fees -

permit no ground water right - evidence - time limitation - well permits - rules - repeal. (2) (b) (II) If the state engineer, after a hearing, finds that circumstances in a particular instance so warrant, or if a court decree is entered for the proposed well location after notice has been given in accordance with sub-subparagraph (B) of this subparagraph (II), the state engineer may issue a permit without regard to the limitation specified in sub-subparagraph (B) of subparagraph (I) of this paragraph (b); except that no hearing shall be required and the state engineer may issue a well permit without regard to the limitation specified in sub-subparagraph (B) of subparagraph (I) of this paragraph (b):

(B) If the proposed well is part of a water court proceeding adjudicating the water right for the well, or if the proposed well is part of an adjudication of a plan for augmentation or change of water right and if evidence is provided to the water court that the applicant has given notice of the water court application, at least ~~ten~~ FOURTEEN days before making the application, by registered or certified mail, return receipt requested, to the owners of record of all wells within six hundred feet of the proposed well;

(E) If the proposed well is an oil and gas well, there is an existing production water well that is not an oil and gas well within six hundred feet of the surface location of the proposed oil and gas well, the state engineer has provided written notice of the application by certified mail to the owners of such wells that are not oil and gas wells within ~~thirty~~ THIRTY-FIVE days after receipt of a complete application for the proposed well, and the state engineer has given those to whom notice was provided ~~thirty~~ THIRTY-FIVE days after the date of mailing of such notice to file comments on the proposed well's application.

(3) (c) If evidence that the well has been constructed and that the pump was installed, as required pursuant to paragraph (a) of this subsection (3), has not been received as of the expiration date of the permit to construct a well, the state engineer shall so notify the applicant by certified mail. The notice shall give the applicant the opportunity to submit evidence that the well was constructed and that the pump was installed before the expiration date. The evidence must be received by the state engineer within ~~twenty~~ TWENTY-ONE days after receipt of the notice by the applicant and must be accompanied by a filing fee of thirty dollars. If the state engineer finds the evidence to be satisfactory, the permit shall remain in force and effect. The state engineer shall consider any records available in the state engineer's office, any evidence provided to the state engineer, and all other matters set forth in this section in determining whether the permit should remain in force and effect.

SECTION 157. In Colorado Revised Statutes, 37-90-140, **amend** (1) (d), (3), and (5) as follows:

37-90-140. Inclusion of lands. (1) (d) Within ~~twenty~~ TWENTY-ONE days after the filing of the petition, the board shall examine the petition, and, if it finds that it bears the requisite number of signatures and otherwise meets the stated requirements, it shall accept the petition and shall fix a time and place, not less than ~~thirty~~ THIRTY-FIVE days nor more than ~~fifty~~ FORTY-TWO days after the date of such acceptance, for a hearing thereon. The secretary of the board shall publish a notice of such hearing by one publication in a newspaper of general circulation in every county in which any portion of the district and the proposed additional territory to

be included in the district are located. The publication shall be at least ~~ten~~FOURTEEN days prior to the date of the hearing. Such notice shall state the nature of the petition, the description of the proposed additional territory, and that any person owning any interest in real property within the district or within the proposed additional territory to be included in the district may appear at the hearing and show cause in writing why the petition should not be granted.

(3) The board shall appoint three taxpaying electors of the district, including two from the area sought to be included, as judges of the election. The secretary of the board shall have published a notice of the time and place of said election to be held in the territory proposed for inclusion in the district by one publication in a newspaper of general circulation in the territory proposed for inclusion in the district. Such election shall not be held less than ~~twenty~~TWENTY-ONE days after said publication of notice.

(5) Any action of the board with respect to the inclusion of territory within an existing district may be reviewed by the district court in appeal proceedings filed within ~~ten~~FOURTEEN days after the board's decision has been announced.

SECTION 158. In Colorado Revised Statutes, 37-90-143, **amend** (2) as follows:

37-90-143. Owners of well permits - update for name and address.

(2) Effective January 1, 1995, any owner of an unexpired well permit issued pursuant to this article or article 92 of this title who changes a name or mailing address from that on file with the state engineer shall file, in person, by mail, or by fax, an update with the state engineer within ~~sixty~~SIXTY-THREE days after the date of the change, on a form prescribed by the state engineer.

SECTION 159. In Colorado Revised Statutes, 37-90.5-105, **amend** (1) as follows:

37-90.5-105. Access - reasonable accommodation. (1) Geothermal leases may be awarded by the state board of land commissioners for lands under its jurisdiction through negotiation or by competitive bidding, but no such lease may be awarded prior to a public notice period of ~~thirty~~THIRTY-FIVE days.

SECTION 160. In Colorado Revised Statutes, 37-90.5-107, **amend** (3) introductory portion as follows:

37-90.5-107. Relationship to water - when permit required. (3) The state engineer shall grant a permit to appropriate geothermal fluids within ~~six months of~~ ONE HUNDRED EIGHTY-TWO DAYS AFTER the filing of an application upon a finding that:

SECTION 161. In Colorado Revised Statutes, 37-92-102, **amend** (4) (b) (II) (A), (4) (b) (II) (C), (4) (b) (II) (D), (4) (b) (III), and (5) as follows:

37-92-102. Legislative declaration - basic tenets of Colorado water law.

(4) Any appropriation made pursuant to subsection (3) of this section shall also be subject to the following principles and limitations:

(b) (II) For the purposes of this paragraph (b), "adequate public notice and comment process" shall include the following:

(A) Notice of the proposed decrease and the date of the public meeting at which it will first be considered shall be printed in the resume in the water court having jurisdiction over the decree that is the subject of the decrease. The first public meeting of the board at which the decrease is to be considered shall occur at least ~~sixty~~ SIXTY-THREE days after the month in which the resume is published. Notice shall also be published in a newspaper of statewide distribution within ~~thirty~~ THIRTY-FIVE to ~~forty-five~~ FORTY-NINE days prior to such first public meeting.

(C) On the written request of any person made within ~~thirty~~ THIRTY-FIVE days after the date of the first public meeting, the board shall delay the subsequent public meeting for up to one year to allow such person the opportunity for the collection of scientific data material to the proposed decrease. Such request may not be interposed solely for delay of the proceedings.

(D) On the written request of any person made within ~~thirty~~ THIRTY-FIVE days after the date of the first public meeting, the board shall, within ~~sixty~~ SIXTY-THREE days after such request, establish fair and formal procedures for the subsequent public meeting, including the opportunity for reasonable disclosure, discovery, subpoenas, direct examination, and cross examination, and may promulgate rules that will assure orderly procedures. Subject to these rights and requirements, where a meeting will be expedited and the interests of the participants will not be substantially prejudiced thereby, the board may receive all or part of the evidence in written form.

(III) The board's final written determination regarding the decrease shall state its effective date, be mailed promptly to the persons who appeared by written or oral comment at the board's proceeding, and be filed promptly with the water court. Within ~~thirty~~ THIRTY-FIVE days after such effective date, any person who appeared by written or oral comment at the board's proceeding may file with the water court and serve the board a petition for judicial review of the board's determination that the decreed appropriation as decreased will preserve the natural environment to a reasonable degree, based on the administrative record and utilizing the criteria of section 24-4-106 (6) and (7), C.R.S. Any such person may request a stay in accordance with the criteria of section 24-4-106 (5), C.R.S., pending the review proceeding. If no petition is filed, the court shall promptly enter an order decreasing the board's appropriation decree in accordance with the board's written determination. If a petition is filed, the court shall promptly order briefing and oral argument and render its decision to affirm or set aside the board's determination. If the board's determination is affirmed, the court shall promptly enter an order decreasing the board's appropriation decree in accordance with the board's written determination. If the board's determination is set aside, the court shall enter its order of relief under the provisions of section 24-4-106 (7), C.R.S. Appellate review of the court's order shall be as allowed in other water matters.

(5) Within ~~thirty~~ THIRTY-FIVE days after initiating any water rights filing for the adjudication of a recreational in-channel diversion, any county, municipality, city and county, water district, water and sanitation district, water conservation district, or water conservancy district shall submit a copy of the water rights application to

the board for review.

SECTION 162. In Colorado Revised Statutes, 37-92-302, **amend** (2) (b) introductory portion and (4) as follows:

37-92-302. Applications for water rights or changes of such rights - plans for augmentation. (2) (b) The application shall be supplemented by evidence that the applicant has, within ~~ten~~ FOURTEEN days after filing the application, given notice of the application by registered or certified mail, return receipt requested, to:

(4) The referee, without conducting a formal hearing, shall make such investigations as are necessary to determine whether or not the statements in the application and statements of opposition are true and to become fully advised with respect to the subject matter of the applications and statements of opposition. The referee shall consult with the appropriate division engineer or the state engineer or both. The engineer consulted shall file a report in writing within ~~thirty~~ THIRTY-FIVE days, unless such time is extended by the referee, which original report shall be filed in the proceedings, and a copy shall be sent by the division engineer to the applicant or the applicant's attorney, who shall then send copies to all parties of record if they have not otherwise been served and so certify before any ruling shall be entered or become effective. A water judge who is acting as a referee in the water judge's division shall have the same authority as provided for the referee in this subsection (4). If the application is rereferred to the water judge by the referee prior to consultation, the division engineer shall file a written recommendation in the proceedings within ~~thirty~~ THIRTY-FIVE days of rereferral, unless such time is extended by the court, and shall send a copy thereof to the applicant or the applicant's attorney, who shall send copies to the other parties, if they have not otherwise been served, before any decree shall be entered or become effective. The water judge may request such written report from the state engineer if the water judge desires.

SECTION 163. In Colorado Revised Statutes, **amend** 37-92-303 as follows:

37-92-303. Rulings by the referee. (1) Within ~~sixty~~ SIXTY-THREE days after the last day on which statements of opposition may be filed with respect to a particular application, unless such time is extended by the water judge for good cause shown, the referee shall make a ruling on the application unless the referee determines to rerefer the matter to the water judge as specified in subsection (2) of this section. The ruling may disapprove the application in whole or in part in the discretion of the referee even though no statements of opposition have been filed. The ruling of the referee shall give the names of the applicants with respect to each water right or conditional water right involved, the location of the point of diversion or place of storage, the means of diversion, the type of use, the amount and priority, and other pertinent information. In the case of a plan for augmentation, such ruling shall include a complete statement of such plan as approved or disapproved. The ruling shall be filed with the water clerk, subject to judicial review. A copy of the ruling shall be sent by the water clerk by regular or electronic mail to the applicant, to each person who has filed a statement of opposition, to the state engineer, and to the division engineer.

(2) The referee may determine not to make a ruling as specified in subsection (1)

of this section and to rerefer the matter to the water judge for a decision as provided in this article. Such rereferral shall be accomplished by order of the referee, which shall be entered within ~~sixty~~ SIXTY-THREE days following the last month in which statements of opposition may be filed with respect to the particular application, unless such time is extended by the water judge for good cause shown. The referee shall rerefer the matter to the water judge at any time before the referee's hearing upon a motion to rerefer by the applicant or any opposer certifying that party's intent to protest an adverse ruling of the referee. A motion to rerefer shall not be a prerequisite to a protest of the ruling of the referee. A copy of the order shall be sent by the water clerk to the applicant and to each person who has filed a statement of opposition and to the state engineer and the division engineer by regular or electronic mail.

SECTION 164. In Colorado Revised Statutes, 37-92-304, **amend** (2) and (3) as follows:

37-92-304. Proceedings by the water judge. (2) Within ~~twenty~~ TWENTY-ONE days after the date of mailing thereof, any person, including the state engineer, who wishes to protest or support a ruling of the referee shall file in writing a pleading in quadruplicate with the water clerk and shall mail or deliver a copy to all parties and so certify. Such pleading shall clearly identify the matter and shall state the factual and legal grounds therefor. Upon filing of such a pleading, the party, except for the state engineer who shall pay no filing fee, shall pay a filing fee equal to that for filing an answer to a civil action in district court, as provided in section 13-32-101, C.R.S. No person who is already a party in the matter may be required to file any additional pleading or to pay any additional filing fee to maintain a party status in the case. All fees collected pursuant to this subsection (2) shall be transmitted to the state treasurer and be divided as provided in section 13-32-101, C.R.S.

(3) As to the rulings with respect to which a pleading has been filed and as to matters which have been rereferred to the water judge by the referee, there shall be de novo hearings. The court shall not be bound by findings of the referee. The division engineer shall appear to furnish pertinent information and may be examined by any party, and, if requested by the division engineer, the attorney general shall represent the division engineer. The applicant shall appear either in person or by counsel and shall have the burden of sustaining the application, whether it has been granted or denied by the ruling or has been rereferred by the referee, and in the case of a change of water right or a plan for augmentation the burden of showing absence of any injurious effect. All parties of record shall remain parties in the proceedings before the water judge. Any person may move to intervene in proceedings before the water court upon payment of a fee, equal to that for filing an answer to a civil action in district court, except for the state engineer who shall pay no fee, and upon a showing of mistake, inadvertence, surprise, or excusable neglect or to support a referee's ruling. The water court shall grant the motion to intervene only if intervention is sought no less than ~~thirty~~ THIRTY-FIVE days before any pretrial conference or due date for trial data certificates and if intervention will not unduly delay or prejudice the adjudication of the rights of the original parties. Service of copies of applications, written pleadings, or any other documents is not necessary for jurisdictional purposes, but the water judge may order service of copies of any documents on any persons and in any manner which he OR SHE deems appropriate.

SECTION 165. In Colorado Revised Statutes, 37-92-305, **amend** (7) as follows:

37-92-305. Standards with respect to rulings of the referee and decisions of the water judge. (7) Prior to the cancellation or expiration of a conditional water right granted pursuant to a conditional decree, the court wherein such decree was granted shall give notice, within not less than ~~sixty~~ SIXTY-THREE days nor more than ~~ninety~~ NINETY-ONE days, by certified or registered mail to all persons to whom such conditional right was granted, at the last-known address appearing on the records of such court.

SECTION 166. In Colorado Revised Statutes, 37-92-308, **amend** (3) (b) (III), (3) (b) (IV), (3) (c) (VIII), (3) (e), (5) (a) (III), (7), (10) (d), (11) (b) (II), and (11) (e) as follows:

37-92-308. Substitute water supply plans - special procedures for review - water adjudication cash fund - legislative declaration - repeal. (3) (b) Beginning January 1, 2003, the state engineer may approve the operation of a well described in paragraph (a) of this subsection (3) under a substitute water supply plan if the following conditions are met:

(III) The state engineer has given the owners of water rights and decreed conditional water rights ~~thirty~~ THIRTY-FIVE days after the date of mailing of such notice to file comments on the substitute water supply plan. Such comments shall include any claim of injury, any terms and conditions that should be imposed upon the plan to prevent injury to a party's water rights or decreed conditional water rights, and any other information the opposer wishes the state engineer to consider in reviewing the substitute water supply plan request.

(IV) The state engineer, after consideration of the comments, has determined that the operation and administration of such plan will replace all out-of-priority stream depletions in time, location, and amount in a manner that will prevent injury to other water rights and decreed conditional water rights, including water quality and continuity to meet the requirements of use to which the senior appropriation has normally been put pursuant to section 37-80-120 (3), and will not impair compliance with the South Platte river compact. The state engineer shall impose such terms and conditions as are necessary to ensure that these standards are met. In making the determinations specified in this subparagraph (IV), the state engineer shall hold a public hearing to address the issues. The public hearing shall be held no sooner than thirty-five days and no later than ~~forty~~ FORTY-NINE days after the date of mailing of notice of the request for approval of the substitute water supply plan. Notice of the time and place of the hearing shall be provided no later than ~~twenty~~ TWENTY-ONE days prior to the hearing to all parties who have subscribed to the substitute water supply plan notification list for water division 1. At the hearing, every party shall be allotted a reasonable amount of time by the state engineer to present its case or defense by oral and documentary evidence and to conduct cross examination. At its own expense, any party may cause the hearing to be recorded by a court reporter or by an electronic recording device. Additionally, in making the determinations specified in this subparagraph (IV), the state engineer shall use the standards listed in paragraph (c) of this subsection (3) for evaluating such plans. It is the legislative intent that the adoption of these standards is only an interim compromise, to give greater certainty to senior surface water users in Colorado than past practices of the

state engineer have given, until augmentation plans for these wells have been approved by the water judge for water division 1 and final determinations about the methodologies for calculating the amount and timing of stream depletions have been made by the water judge. These interim standards shall not create any presumptions, shift the burden of proof, or serve as a defense in any application for approval of a plan for augmentation.

(c) (VIII) If amendments, including but not limited to the addition of more wells or the addition of different replacement water sources, are proposed to a substitute water supply plan after the initial written notice of the plan was given, the notice, comment, and hearing process described in this paragraph (c) shall be repeated for such amendments. If, in the opinion of the state engineer, an amendment is necessary to prevent immediate injury to other water rights that will occur prior to the expiration of the ~~thirty-day~~ THIRTY-FIVE-DAY comment period provided in subparagraph (III) of paragraph (b) of this subsection (3), the ~~thirty-day~~ THIRTY-FIVE-DAY comment period shall be shortened to ~~fifteen~~ FOURTEEN days, the public hearing shall be held no later than ~~twenty-five~~ TWENTY-EIGHT days after the date of the mailing of notice of the request for the amendment, and the amendment may be implemented before the comment deadline and the public hearing. For amendments implemented prior to a public hearing, the state engineer shall issue a decision approving or denying the amendment no later than seven days after the conclusion of the public hearing. The state engineer may revoke or further condition the approval of any amendment after the comment and hearing process.

(e) When the state engineer approves or denies a substitute water supply plan, the state engineer shall serve a copy of the decision on all parties to the application by first-class mail or, if such parties have so elected, by electronic mail. Every decision of the state engineer shall provide a detailed statement of the basis and rationale for the decision, including a complete explanation of how all stream depletions were calculated, the location where they occur, how all replacement water sources were quantified, and what terms and conditions were imposed to prevent injury to other water rights and why they were imposed. The decision shall also include a description of the consideration given to any written comments that were filed by other parties. Neither the approval nor the denial by the state engineer shall create any presumptions, shift the burden of proof, or serve as a defense in any legal action that may be initiated concerning the substitute water supply plan. Any appeal of a decision made by the state engineer concerning a substitute water supply plan pursuant to this subsection (3) shall be made to the water judge in water division 1 within ~~thirty~~ THIRTY-FIVE days after the date of service of the decision. The water judge shall hear and determine such appeal using the procedures and standards set forth in sections 37-92-304 and 37-92-305 for determination of matters rereferred to the water judge by the referee. The proponent of the substitute water supply plan shall be deemed to be the applicant for purposes of application of such procedures and standards. The filing fee for the appeal shall be two hundred seventy-one dollars for the proponent of the substitute water supply plan and seventy dollars for any other party to the appeal. Moneys from such fee shall be transmitted to the state treasurer and deposited in the water adjudication cash fund, which fund is hereby created in the state treasury. The general assembly shall appropriate moneys in the fund for the judicial department's adjudications pursuant to this subsection (3).

(5) (a) Beginning January 1, 2002, for new water use plans involving

out-of-priority diversions or a change of water right, if no application for approval of a plan for augmentation or a change of water right has been filed with a water court and the water use plan or change proposed and the depletions associated with such water use plan or change will be for a limited duration not to exceed five years, except as otherwise provided in subparagraph (II) of paragraph (b) of this subsection (5), the state engineer may approve such plan or change as a substitute water supply plan if the following conditions are met:

(III) The state engineer has given the owners of water rights and decreed conditional water rights ~~thirty~~ THIRTY-FIVE days after the date of mailing of such notice to file comments on the substitute water supply plan. Such comments shall include any claim of injury or any terms and conditions that should be imposed upon the plan to prevent injury to a party's water rights or decreed conditional water rights and any other information the opposer wishes the state engineer to consider in reviewing the substitute water supply plan request.

(7) Beginning January 1, 2002, the state engineer may approve a substitute water supply plan if the state engineer determines such plan is needed to address an emergency situation and that the plan will not cause injury to the vested water rights or decreed conditional water rights of others or impair compliance with any interstate compact. Such plan shall not be implemented for more than ~~ninety~~ NINETY-ONE days. For purposes of this section, "emergency situation" means a situation affecting public health or safety where a substitute water supply plan needs to be implemented more quickly than the other procedures set forth in this section allow. For 2003, an "emergency situation" may also mean an immediate need for the use of augmentation wells necessitated by extreme drought conditions if such augmentation wells are also included in a request filed previously, or filed simultaneously with a request under this subsection (7), for approval of a substitute water supply plan under subsection (3) or (4) of this section. Approval pursuant to this section of the use of augmentation wells shall include the terms and conditions needed to account for and replace all out-of-priority stream depletions that will result from such use, including post-pumping depletions. Within ~~five~~ SEVEN days after the date of approval of the use of an augmentation well under this subsection (7), the state engineer shall give notice of the approval to all parties who have subscribed to the substitute water supply plan notification list for water division 1. In all other situations, notice to other water users shall not be required. Neither the approval nor the denial by the state engineer shall create any presumptions, shift the burden of proof, or be a defense in any legal action that may be initiated concerning an emergency substitute water supply plan or in any proceedings under subsection (3) or (4) of this section.

(10) (d) When the state engineer approves or denies a substitute water supply plan pursuant to this subsection (10), the state engineer shall serve a copy of the decision on all parties who have subscribed to the substitute water supply plan notification list for water division 1 and all parties to the water court case in which the plan for augmentation was decreed by first-class mail or, if such parties have so elected, by electronic mail. Neither the approval nor the denial by the state engineer shall create any presumptions, shift the burden of proof, or serve as a defense in any legal action involving the substitute water supply plan. Any appeal of a decision made by the state engineer concerning a substitute water supply plan approved or denied pursuant to this subsection (10) shall be made within ~~thirty~~ THIRTY-FIVE days

after the date of service of the decision. Any such appeal shall be filed under the same case number as the decreed plan for augmentation and shall be heard under the retained jurisdiction of the water judge, using the procedures and standards set forth in sections 37-92-304 and 37-92-305, for determination of matters rereferred to the water judge by the referee. The water judge shall hear and determine any such appeal on an expedited basis. The applicant for the substitute water supply plan shall not use the proposed substitute water supply in the decreed plan for augmentation until any appeal under this paragraph (d) is decided by the water court. Following the determination on appeal by the water court, the applicant's use of water under the substitute water supply plan shall be governed by such water court determination, unless the terms of the augmentation plan decree provide otherwise.

(11) (b) For a substitute water supply plan pursuant to this subsection (11), the state engineer may approve the temporary operation of a coal bed methane well that withdraws tributary ground water only if the following conditions are met:

(II) All parties who have subscribed to the substitute water supply plan notification list for the water division in which the proposed plan is located have ~~thirty~~ THIRTY-FIVE days after the date of mailing of such notice to file comments on the substitute water supply plan. Such comments shall include any claim of injury, any terms and conditions that should be imposed upon the plan to prevent injury to a party's water rights or decreed conditional water rights, and any other information a party wishes the state engineer to consider in reviewing the substitute water supply plan request; and

(e) Neither the approval nor the denial by the state engineer shall create any presumptions, shift the burden of proof, or serve as a defense in any legal action that may be initiated concerning the substitute water supply plan. Any appeal of a decision made by the state engineer concerning a substitute water supply plan pursuant to this subsection (11) shall be to the water judge of the applicable water division within ~~thirty~~ THIRTY-FIVE days after the date of service of the decision. The water judge shall hear and determine such appeal on an expedited basis using the procedures and standards set forth in sections 37-92-304 and 37-92-305 for determination of matters referred to the water judge by the referee.

SECTION 167. In Colorado Revised Statutes, 37-92-309, **amend** (3) (a) and (4) (a) as follows:

37-92-309. Interruptible water supply agreements - special review procedures - rules - water adjudication cash fund - legislative declaration.

(3) The state engineer is authorized to approve and administer interruptible water supply agreements that permit a temporary change in the point of diversion, location of use, and type of use of an absolute water right without the need for an adjudication pursuant to this article, subject to the following:

(a) The applicant for approval of an interruptible water supply agreement shall provide written notice of the application by first-class mail or electronic mail to all parties who have subscribed to the substitute water supply plan notification list, as described in section 37-92-308 (6), for the division or divisions in which the water right is located and in which it will be used, and proof of such notice shall be filed

with the state engineer. The application shall be accompanied by a detailed written report, prepared by a professional engineer or other professional acceptable to the state engineer, that evaluates the historical consumptive use, return flows, and the potential for material injury to other water rights relating to the interruptible water supply agreement and that proposes conditions to prevent such injury. The state engineer shall give the owners of water rights ~~thirty~~ THIRTY-FIVE days after the date of mailing of such notice to file comments on the operation of the interruptible water supply agreement. Such comments shall include any claim of injury or any terms and conditions that should be imposed upon the agreement so that it will not cause injury to a party's water rights or decreed conditional water rights, if such conditional rights will be exercised during operation of the interruptible water supply agreement, and any other information the party wishes the state engineer to consider in reviewing the application.

(4) (a) When the state engineer approves or denies an interruptible water supply agreement, the state engineer shall serve a copy of the decision upon all parties to the application by first-class mail or, if such parties have so elected, by electronic mail. Neither the approval nor the denial of the agreement by the state engineer shall create any presumptions, shift the burden of proof, or serve as a defense in any legal action that may be initiated concerning the interruptible water supply agreement. Any appeal of a decision made by the state engineer concerning the operation of an interruptible water supply agreement pursuant to this section shall be expedited, shall be limited to the issue of injury, and shall be made within ~~thirty~~ THIRTY-FIVE days after mailing of the decision to the water judge in the applicable water division. All parties to the appeal shall pay to the water clerk a fee to cover the direct costs associated with the expedited appeal. The water judge shall hear and determine such appeal using the procedures and standards set forth in sections 37-92-304 and 37-92-305 for determination of matters rereferred to the water judge by the referee; except that the water judge shall not deem any failure to appeal all or any part of the decision of the state engineer or failure to state any grounds for appeal to preclude any party from raising any claims of injury in a future proceeding before the water judge. The proponent of the interruptible water supply agreement shall be deemed to be the applicant for purposes of application of such procedures and standards. Moneys from such fee shall be transmitted to the state treasurer and deposited in the water adjudication cash fund, which fund is hereby created in the state treasury. The general assembly shall appropriate moneys in the fund for the judicial department's expedited adjudications pursuant to this section.

SECTION 168. In Colorado Revised Statutes, 37-92-602, **amend** (3) (c) (II) (A), (3) (e), and (3) (f) as follows:

37-92-602. Exemptions - presumptions - legislative declaration.
 (3) (c) (II) (A) If such relocated well will not change substantially the usage of water which can lawfully be made by means of the existing well, a permit to construct and use the relocated well shall be issued, and the existing well shall be abandoned within ~~ninety~~ NINETY-ONE days after the completion of the relocated well.

(e) The state engineer shall act upon an application filed under this subsection (3) within ~~forty-five~~ FORTY-NINE days after such filing and shall support his OR HER ruling with a written statement of the basis therefor, and the provisions of article 4

of title 24, C.R.S., shall apply.
