AN ACT

CONCERNING ESTABLISHING A PROCEDURE BETWEEN THE DEPARTMENT OF EDUCATION AND THE DEPARTMENT OF HIGHER EDUCATION THAT ALLOWS FOR THE TRANSFER OF AVAILABLE STUDENT DATA RELEVANT TO THE TRANSITION FROM HIGH SCHOOL TO THE POSTSECONDARY SYSTEM.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly hereby finds that:

(a) Previous work to align the sharing of data between state agencies, including H.B. 08-1364, "Concerning interdepartmental data protocols", and H.B. 09-1285, "Concerning the government data advisory board, and, in connection therewith, creating the education data subcommittee to make recommendations for creation of a statewide comprehensive P-20 education data system", have provided dramatically enhanced opportunities to inform stakeholders on the performance of and opportunities in education;

(b) Systems that allow for the direct, electronic exchange of student data from the department of education to the department of higher education improve the understanding of student success rates related to high school graduation and first-year student success in postsecondary education as well as developmental education outcomes in postsecondary education; and

(c) Enhanced data sharing between the department of education and the department of higher education may enable future opportunities for improving student outcomes and expediting the sharing of relevant academic information, such as improving early awareness of college readiness and transferring academic records

electronically. These enhancements promise to decrease the administrative burden for institutions of higher education related to identifying students matriculating from high school to the postsecondary system as well as increase the accuracy of student information.

(2) The general assembly concludes, therefore, that:

(a) The department of education and the department of higher education shall establish a procedure that allows the transfer of available student data relevant to high school students' transitions to the postsecondary system;

(b) This procedure should not create any additional financial or administrative burden for local education agencies, public institutions of higher education, or students; and

(c) This procedure should initially enable the exchange of relevant data to which the department of education otherwise has access. The procedure should be flexible enough to accommodate the exchange of additional relevant data as the department of education's access to more detailed data relevant to college admissions increases, with the long-term objective of pre-populating admissions applications for students.

SECTION 2. In Colorado Revised Statutes, **add 22-7-1016.5** as follows:

22-7-1016.5. Exchange of student records. (1) THE DEPARTMENT OF EDUCATION AND THE DEPARTMENT OF HIGHER EDUCATION SHALL ESTABLISH A PROCEDURE THAT ALLOWS FOR THE DIRECT, ELECTRONIC EXCHANGE OF STUDENT UNIT RECORD DATA FOR STUDENTS ENROLLED IN COLORADO PUBLIC HIGH SCHOOLS.
