March 18, 2015

Mike Mauer, Director
Colorado Legislative Council Staff
Room 029; State Capital Building
Denver, CO 80203
Lcs.ga@state.co.us

Dear Mr. Mauer,

This letter is to serve as a proposal to create bicycle licensing and taxation in the state of Colorado in order to build and maintain safer bicycle paths for all bicycle riders in the state of Colorado, to include visiting bicyclists (from other states and countries). Our proposal would also give County and Municipal Law Enforcement agencies jurisdiction over the regulation of bicycle traffic on public roads. Our intention is to collect signatures from residents in the state of Colorado in order to place a constitutional amendment or law on a statewide election ballot. Our plan is to have this law/amendment placed on the state election ballot in 2015 (per the Tabor or Taxpayers Bill of Rights).

We understand that step one of this process is to submit this formal proposal and that your office will schedule a Review and Comment Meeting to take place two weeks for the date this measure is filed. Please let us know if you need additional information.

Sincerely,

Pamela Maestas
Cliff Roberts
