Ms. Acuna,

We require a physical address for each of the proponents as well. Please send that to us this afternoon if possible. We have spoken with Dr. Rivera and your review and comment hearing will be held on Wednesday, August 19, in the morning. We will email you both the time and room number as soon as we receive this additional information from you.

Dear Mike Mauer,

This is an amendment to address a critical consideration.

"Amendment to repeal the Pinnacol Assurance Enabling Statute and to transfer full control of the entity to policyholders."
