Description

The Revised Uniform Athlete Agents Act (RUAAA) is an update of the Uniform Athlete Agents Act of 2000, which has been enacted in 42 states. The 2000 Act governs relations among student athletes, athlete agents, and educational institutions, protecting the interests of student athletes and academic institutions by regulating the activities of athlete agents. The Revised Act makes numerous changes to the original act, including expanding the definition of "athlete agent" and "student athlete;" providing for reciprocal registration between states; adding new requirements to the signing of an agency contract; and expanding notification requirements. For more information about the RUAAA, please contact ULC Legislative Counsel Libby Snyder at 312-450-6619 or lsnyder@uniformlaws.org.

Endorsements

Endorsed by the National Collegiate Athletic Association (NCAA). Approved by the American Bar Association in 2002 and 2016.
