Terry

I'm home with a touch of flu today, but just heard your voicemail. I have no idea who would say to the Chair that MBA opposes the bill.

It's infuriating and I would love to see the communication in which that is expressed. MBA certainly supports the bill and the work of our partners like the CMLA and the Colorado Land Title Association, over the better part of the last two years, to advance it. Please feel free to forward this email to the Chair, and any other appropriate legislators or staff, with our thanks for their work on this important legislation for the industry.

Please also point out that the email message below is my copy of the communication from our grassroots organization, the Mortgage Action Alliance, which earlier this week, in partnership with the CMLA, strongly encouraged our members in the state to support passage of the bill in Committee.

I'm available at their convenience to discuss.

Thanks

Koop
