

My name is Rick Block. I'm here to testify against SB 17-281. My understanding is that this bill is a duplicate of a bill that was already defeated in the Colorado House this year. How is introducing the same bill in the Senate nothing but a complete waste of time?

WHAT ARE YOU THINKING??????????????

Please let this bill die in committee so you don't waste any more time (and money) on a bill you know isn't going anywhere.

Thank you.
