**SENATE JOINT RESOLUTION 26-006**

101     **CONCERNING THE COMMITMENT TO COLORADANS NAVIGATING THE**  
102         **COMPLEX UNITED STATES IMMIGRATION SYSTEM AND ENSURING**  
103         **TRANSPARENCY IN FEDERAL ENFORCEMENT IN OUR STATE.**

---

1             WHEREAS, Immigrant Coloradans are students, workers, business  
2         owners, caregivers, parents, faith leaders, longtime residents, and new  
3         arrivals who together shape the civic, economic, and cultural life of our  
4         state; and

5             WHEREAS, In 2025, the Colorado Fiscal Institute reported that  
6         immigrants in the state of Colorado contribute \$2 billion in state and local  
7         tax revenue annually, a significant contribution to our economy; and

8             WHEREAS, Immigration in Colorado reflects a broad and  
9         complex spectrum beyond the binary of "documented" and

Shading denotes HOUSE amendment. Double underlining denotes SENATE amendment.  
Capital letters or bold & italic numbers indicate new material to be added to existing law.  
Dashes through the words or numbers indicate deletions from existing law.

HOUSE  
Final Reading  
February 3, 2026

SENATE  
Amended Final Rdg  
February 2, 2026

1 "undocumented", including Deferred Action for Childhood Arrivals  
2 recipients, asylum seekers, Temporary Protected Status holders,  
3 international students, refugees, survivors of trafficking and domestic  
4 violence, seasonal workers, and mixed-status families; and

5 WHEREAS, When immigrant community members are unjustly  
6 targeted or subjected to opaque enforcement practices, it undermines not  
7 only individual rights but the health, safety, and well-being of all  
8 Coloradans-disrupting schools, health-care systems, workplaces, and  
9 families; and

10 WHEREAS, A 2021 report by the American Immigration Council  
11 shows 17.8 million children in the United States have at least one  
12 foreign-born parent, and as many as half a million United States citizen  
13 children experienced the deportation of at least one parent between 2011  
14 and 2013; and

15 WHEREAS, Additionally, a 2020 study by the American  
16 Immigration Council reported that detention or deportation of a family  
17 member resulted in significantly higher rates of suicidal thoughts, alcohol  
18 abuse, and aggression; and

19 WHEREAS, Colorado has taken meaningful steps to recognize  
20 and protect the civil rights of immigrant community members, including  
21 the passage of House Bill 19-1124, Senate Bill 21-131, Senate Bill  
22 25-276, and other measures that promote transparency, limit  
23 discriminatory practices, and reinforce the dignity and equality of  
24 residents regardless of immigration status; and

25 WHEREAS, Heightened federal enforcement rhetoric, coupled  
26 with immigration enforcement actions carried out without clear  
27 identification or accountability, has contributed to increased fear,  
28 confusion, and racial profiling of Black and brown Coloradans,  
29 disproportionately impacting immigrants and African, Caribbean, Latin  
30 American, Middle Eastern, and Asian communities in Colorado; and

31 WHEREAS, The Colorado Polling Institute found in November  
32 2025 that a majority of Hispanic voters feared unlawful detention of their  
33 community members, and that 64% of Coloradans are concerned that  
34 Immigration and Customs Enforcement (ICE) is detaining people who  
35 should not be detained; and

1            WHEREAS, The use of masked or unidentified personnel and  
2 unmarked vehicles in civil immigration enforcement, which represents a  
3 form of deindividuation, increasing the likelihood of aggressive,  
4 anti-social behavior, has led Colorado community members to reasonably  
5 fear arbitrary detention, impersonation, or abuse of authority-resulting in  
6 avoidance of schools, public transit, health-care facilities, faith spaces,  
7 shelters, civic events, and other essential services; and

8            WHEREAS, Such fear erodes public trust, impedes community  
9 cooperation, and compromises public safety by driving people away from  
10 institutions intended to protect health, education, and well-being; and

11            WHEREAS, When schools are disrupted or parents are forced to  
12 live in fear, children experience psychological trauma that can impair  
13 learning, health, and long-term well-being, with consequences that  
14 reverberate across families, communities, and generations; and

15            WHEREAS, In Minnesota, a state that has experienced heavy ICE  
16 presence, the total number of school absences increased 13% among  
17 Spanish speakers, 8% among Karen speakers, and 6% among Hmong  
18 speakers between December 1, 2025, and January 6, 2026; and

19            WHEREAS, Allowing ICE presence to affect our students in  
20 Colorado schools could have dire consequences for the state, as chronic  
21 absenteeism is linked to lower high school graduation rates; and

22            WHEREAS, Renee Good was killed by an ICE agent on January  
23 7, 2026, while trying to follow direction to leave; and

24            WHEREAS, Alex Pretti was killed by United States Customs and  
25 Border Protection agents on January 24, 2026, while protecting a woman  
26 being beaten by United States Customs and Border Protection agents; and

27            WHEREAS, The lives of 32 immigrants were lost while held in  
28 detention centers in 2025 due to inhumane conditions and lack of access  
29 to health care, while survivors have an increased likelihood of mental  
30 illness and PTSD, especially if their detention surpassed 6 months; and

31            WHEREAS, According to a 2025 report by Physicians for Human  
32 Rights, ICE facilities subjected over 10,500 individuals to solitary  
33 confinement for, on average, 38 consecutive days, more than double the  
34 15-day threshold for torture as defined by United Nations human rights

1 experts, as well as isolating individuals with vulnerabilities, such as  
2 mental health issues, nearly twice as long as compared to 2022; and

3 WHEREAS, So far, under this presidential administration, there  
4 have been a reported 20 cases of civilians posing as ICE agents for  
5 nefarious reasons, demonstrating that face coverings and agents' failure  
6 to identify themselves pose a threat to all Coloradans and erode public  
7 trust in law enforcement; and

8 WHEREAS, State, local, and federal governments share  
9 responsibility for ensuring that enforcement practices are carried out in  
10 a manner consistent with constitutional protections, civil rights laws, and  
11 fundamental norms of transparency and accountability, preventing  
12 discrimination, trauma, and unjust detainment; and

13 WHEREAS, The General Assembly affirms that true community  
14 safety requires transparency, legal clarity, and the ability for all residents  
15 to move, work, learn, worship, seek care, and live without fear of  
16 coercive interaction or identity-based targeting; now, therefore,

17 *Be It Resolved by the Senate of the Seventy-fifth General Assembly  
18 of the State of Colorado, the House of Representatives concurring herein:*

19 (1) That we, the members of the Colorado General Assembly:

20 (a) Reaffirm the civil rights of Immigrant Coloradans and affirm  
21 that dignity, belonging, family unity, and freedom from intimidation are  
22 fundamental rights of all who call Colorado home;

23 (b) Support the right of members of the public to robustly exercise  
24 their First Amendment rights to free speech and to petition their  
25 government for redress, and urge that all protests be peaceful in nature;

26 (c) Call on federal agencies to end anonymous enforcement tactics  
27 and urge immigration authorities, when operating within Colorado, to  
28 adopt enforcement practices that are transparent and accountable,  
29 including by immediately ending the routine use of masked or  
30 unidentifiable personnel, unmarked vehicles, and plain-clothes  
31 detainment without prior identification; requiring visible agency  
32 identification and prompt disclosure of name, agency, and badge or  
33 credentials upon engagement with the public; and ensuring that residents  
34 can readily distinguish lawful officers from private actors, vigilantes, or

1        impersonators;

2                (d) Call upon federal agencies to protect community access to  
3                education, health care, and civic participation and aid and refrain from  
4                civil immigration enforcement actions in or near courthouses, schools,  
5                health clinics, faith spaces, food distribution sites, and civic gatherings  
6                except in narrowly defined circumstances involving a verified and  
7                imminent public safety threat;

8                (e) Advocate for modernized, humane federal immigration  
9                reform;

10                (f) Call on Congress and federal leadership to pursue reforms that  
11                reflect lived realities and economic needs, including creating functioning,  
12                timely pathways to citizenship for long-term residents, Dreamers, and  
13                mixed-status families; expanding worker protections and lawful labor  
14                pathways that reflect Colorado's economic reality; strengthening  
15                protections for survivors, refugees, and asylum seekers; and modernizing  
16                processing systems that currently leave families in indefinite limbo;

17                (g) Support state-level transparency measures and urge continued  
18                investment in state-level oversight, community reporting mechanisms,  
19                and public transparency tools to ensure compliance with civil rights  
20                standards and to prevent discriminatory or covert enforcement practices  
21                within Colorado;

22                (h) Declare that Colorado is home to one of the most diverse  
23                immigrant populations in the country and that Immigrant Coloradans  
24                contribute to every sector, from education and health care to construction,  
25                entrepreneurship, public service, and culture;

26                (i) Reaffirm that ensuring Immigrant Coloradans' ability to live  
27                safely and move without fear is not a partisan preference, but a matter of  
28                constitutional dignity and collective well-being; and

29                (j) Call on federal partners to uphold transparency, accountability,  
30                and humane enforcement practices so that every family, regardless of  
31                immigration status, may participate fully in the communities they have  
32                built and sustained.
