## Summary of Legislation

---

The bill removes wind energy as an eligible renewable energy resource under Colorado's renewable energy standard and removes wind energy generation from consideration for the state's clean energy targets.

## State Expenditures

---

The bill increases workload in the Public Utilities Commission to update rules regarding clean energy. This work can be accomplished with existing resources.

## Local Government

---

The bill may increase workload for certain municipal utilities to remove wind energy from integrated resource planning. The bill may also impact any utilities with investments in or credits for wind-energy development.

## Effective Date

---

The bill takes effect 90 days following adjournment of the General Assembly sine die, assuming no referendum petition is filed.
