## Summary of Legislation

---

The bill continues the Colorado Licensing of Controlled Substance Act for 15 years, until September 1, 2041, as recommended in the Department of Regulatory Agencies [2025 sunset](#) review of the program. The bill also updates several definitions to conform with current practice, including "substance abuse disorder," "withdrawal management," "opioid treatment program," and "opioid use disorder", and repeals several terms that are no longer referenced in the Act.

## Background

---

The Behavioral Health Administration (BHA) in the Department of Human Services (CDHS) regulates substance abuse treatment programs under the Colorado Licensing of Controlled Substances Act by issuing licenses, investigating complaints, conducting inspections, and enforcing compliance.

## Continuing Program Impacts

---

Based on the CDHS's FY 2026-27 budget request, the Colorado Licensing of Controlled Substances program is expected to have expenditures of \$666,817 and 5.1 FTE, paid by the General Fund, the General Licensure Cash Fund, and federal funds as shown in Table 1B. In FY 2023-24, the BHA licensed 109 treatment facilities at a fee of \$500 per registration, collecting about \$54,500 in licensing fees to the General Licensure Cash Fund. This revenue is subject to TABOR.

If this bill is enacted, current revenue and expenditures will continue for the program starting in FY 2027-28. This continuing revenue is subject to the state TABOR limits. If this bill is not enacted, the program will enter a one-year wind-down period and then end on September 1, 2027, one year after its statutory repeal date. If allowed to repeal, state revenue and expenditures will decrease starting in FY 2027-28 by the amounts shown in Table 1.

## Effective Date

---

The bill takes effect 90 days following adjournment of the General Assembly sine die, assuming no referendum petition is filed.
