instead to the department of labor and employment to cover the district's costs for participation in school-to-work alliance programs. The board is required to certify to the state treasurer on a monthly basis the amount payable to each district and the amount, if any, to be transferred directly to the department of labor and employment instead of paid to the district.

The bill clarifies that the amount of money transferred from the state public school fund directly to the department of labor and employment for school-to-work alliance program costs instead of paid to a district is not state fiscal year spending for purposes of section 20 of article X of the state constitution.
