(annual depreciation-lease equivalent payment) to pay for the long-term maintenance costs of the capital asset. Currently, the money that state agencies or institutions of higher education set aside for maintenance costs is credited to the capitol complex renovation fund. The bill repeals the annual depreciation-lease equivalent payment requirement.

Currently, the department of personnel uses the money in the capitol complex renovation fund (fund) for capital construction needs for existing state-owned buildings in the capitol complex. The bill requires the state treasurer to transfer \$15,263,000 from the fund to the general fund on June 30, 2026. The bill also requires the state treasurer to transfer the remaining balance of the fund on June 30, 2027, to the general fund and then repeals the fund. In addition, the bill repeals a reporting requirement in connection with the use of the money in the fund.

The bill also repeals the capitol complex master plan implementation fund, including its ongoing transfers to the fund.
