25 **SECTION 8. Appropriation - adjustments to 2026 long bill.**

26 (1) For the 2026-27 state fiscal year, \$3,378,166 is appropriated to the  
27 department of health care policy and financing. This appropriation is from

1 the general fund. To implement this act, the department may use this  
2 appropriation as follows:

3 (a) \$2,286,549 for Medicaid management information system  
4 maintenance and projects;

5 (b) \$1,017,700 for Colorado benefits management systems,  
6 operating and contract expenses; and

7 (c) \$73,917 for behavioral health fee-for-service payments, which  
8 amount is subject to the "(M)" notation as defined in the annual general  
9 appropriation act for the same fiscal year.

10 (2) For the 2026-27 state fiscal year, the general assembly  
11 anticipates that the department of health care policy and financing will  
12 receive \$137,274 in federal funds for behavioral health fee-for-service  
13 payments to implement this act. The appropriation in subsection (1)(c) of  
14 this section is based on the assumption that the department will receive  
15 this amount of federal funds.

16 (3) Except as provided in subsection (5) of this section, to  
17 implement this act, general fund appropriations made in the annual  
18 general appropriation act for the 2026-27 state fiscal year to the  
19 department of health care policy and financing are decreased as follows:

20 (a) \$262,500 for general professional services and special  
21 projects;

22 (b) \$271,951 for medical and long-term care services for  
23 Medicaid-eligible individuals, which amount is subject to the "(M)"  
24 notation as defined in the annual general appropriation act for the same  
25 fiscal year;

26 (c) \$753,747 for behavioral health capitation payments, which  
27 amount is subject to the "(M)" notation as defined in the annual general

1 appropriation act for the same fiscal year; and

2 (d) \$15,006,358 for health benefits for children lacking access  
3 due to immigration status.

4 (4) The decrease of the appropriations in subsection (3) of this  
5 section is based on the assumption that the anticipated amount of federal  
6 funds received for the 2026-27 state fiscal year by the department of  
7 health care policy and financing will decrease as follows:

8 (a) \$487,500 for general professional services and special  
9 projects, which is subject to the "(I)" notation as defined in the annual  
10 general appropriation act for the same fiscal year;

11 (b) \$505,052 for medical and long-term care services for  
12 Medicaid-eligible individuals; and

13 (c) \$1,399,814 for behavioral health capitation payments.

14 (5) Subsection (3) of this section does not require a reduction of  
15 an appropriation in the annual general appropriation act for the 2026-27  
16 state fiscal year if either:

17 (a) The amount of the general fund appropriation made in the  
18 annual general appropriation act for the 2026-27 state fiscal year to the  
19 department of health care policy and financing is less than the amount of  
20 the adjustments required in subsection (3) of this section for:

21 (I) General professional services and special projects;  
22 (II) Medical and long-term care services for Medicaid-eligible  
23 individuals;  
24 (III) Behavioral health capitation payments; or  
25 (IV) Health benefits for children lacking access due to  
26 immigration status; or

27 (b) The annual general appropriation act for the 2026-27 state

1 fiscal year does not include an appropriation to the department of health  
2 care policy and financing for:

- 3 (I) General professional services and special projects;
- 4 (II) Medical and long-term care services for Medicaid-eligible  
5 individuals;
- 6 (III) Behavioral health capitation payments; or
- 7 (IV) Health benefits for children lacking access due to  
8 immigration status.

9 **SECTION 9. Appropriation - adjustments to 2026 long bill.**

10 (1) Except as provided in subsection (3) of this section, to implement this  
11 act, the cash funds appropriation from the adult dental fund created in  
12 section 25.5-5-207 (4)(a), C.R.S., made in the annual general  
13 appropriation act for the 2026-27 state fiscal year to the department of  
14 health care policy and financing for medical and long-term care services  
15 for Medicaid-eligible individuals is decreased by \$396,038

16 (2) The decrease of the appropriations in subsection (1) of this  
17 section is based on the assumption that the anticipated amount of federal  
18 funds received for the 2026-27 state fiscal year by the department of  
19 health care policy and financing for medical and long-term care services  
20 for Medicaid-eligible individuals will decrease by \$735,499.

21 (3) Subsection (1) of this section does not require a reduction of  
22 an appropriation in the annual general appropriation act for the 2026-27  
23 state fiscal year if either:

24 (a) The amount of the cash funds appropriation from the adult  
25 dental fund created in section 25.5-5-207 (4)(a), C.R.S., made in the  
26 annual general appropriation act for the 2026-27 state fiscal year to the  
27 department of health care policy and financing for medical and long-term

1 care services for Medicaid-eligible individuals is less than the amount of  
2 the adjustment required in subsection (1) of this section; or

3 (b) The annual general appropriation act for the 2026-27 state  
4 fiscal year does not include an appropriation to the department of health  
5 care policy and financing for medical and long-term care services for  
6 Medicaid-eligible individuals.

7 **SECTION 10. Appropriation - adjustments to 2026 long bill.**

8 (1) Except as provided in subsection (3) of this section, to implement this  
9 act, the general fund appropriation made in the annual general  
10 appropriation act for the 2026-27 state fiscal year to the department of  
11 health care policy and financing for medical and long-term care services  
12 for Medicaid-eligible individuals is decreased by \$396,038, which  
13 amount is subject to the "(M)" notation as defined in the annual general  
14 appropriation act for the same fiscal year.

15 (2) The decrease of the appropriations in subsection (1) of this  
16 section is based on the assumption that the anticipated amount of federal  
17 funds received for the 2026-27 state fiscal year by the department of  
18 health care policy and financing for medical and long-term care services  
19 for Medicaid-eligible individuals will decrease by \$735,499.

20 (3) Subsection (1) of this section does not require a reduction of  
21 an appropriation in the annual general appropriation act for the 2026-27  
22 state fiscal year if either:

23 (a) The amount of the general fund appropriation made in the  
24 annual general appropriation act for the 2026-27 state fiscal year to the  
25 department of health care policy and financing for medical and long-term  
26 care services for Medicaid-eligible individuals is less than the amount of  
27 the adjustment required in subsection (1) of this section; or

1           (b) The annual general appropriation act for the 2026-27 state  
2 fiscal year does not include an appropriation to the department of health  
3 care policy and financing for medical and long-term care services for  
4 Medicaid-eligible individuals.
