## **Summary of Legislation**

---

The bill requires that any legislative caucus—defined as two or more legislators who organize themselves according to a common interest, ideology, issue, identity, or for any other reason and who accept and spend money—provide to Legislative Council Staff (LCS) a quarterly report showing all receipts the legislative caucus received. The receipts must include the name and address of donors, the amount, and the date of the donation. If no money is received or spent during a quarter, the legislative caucus must file a “no activity report.” LCS must post each report on the General Assembly’s website with donor addresses redacted.

## **State Expenditures**

---

The bill will minimally increase workload for LCS to receive, redact, and post required reports. This effort does not require an increase in appropriations.

## **Effective Date**

---

The bill takes effect 90 days following adjournment of the General Assembly sine die, assuming no referendum petition is filed. It applies to actions taken and money and items received, accepted, or expended on or after October 1, 2026.
