Description of Amendments in This Packet

J.003

Staff amendment **J.003** (attached) appropriates a total of \$66,250 from the Legal Services Cash Fund to the Department of Law for FY 2026-27. The appropriation reflects 0.3 FTE.

Points to Consider

The Joint Budget Committee (JBC) has proposed a budget package for FY 2026-27 based on the March 2026 Office of State Planning and Budgeting (OSP) revenue forecast. The forecast does not anticipate a TABOR surplus liability for FY 2025-26, but does anticipate a surplus liability of \$711.1 million for FY 2026-27 to be refunded to taxpayers out of the General Fund. Legislation that increases non-exempt revenue (such as cash

funds) will increase the TABOR refund from the General Fund. The budget package includes \$42.3 million in set-asides for legislation outside of the package (see table below). The budget package accounts for the 13.0 percent reserve associated with the placeholders.

General Fund Appropriation Placeholders for Other 2026 Legislation (\$ in millions)

Item	FY 2026-27
SB 26-149 (Pathways for Individuals with Mental Health Disorders)	\$25.9
Potential prison capacity supplemental	5.9
Applied behavioral analysis licensing	5.0
County Administration shared services	3.1
SB 26-042 (Revenue Classification TABOR)	2.3
Medicaid working group	0.5
HB 26-1331 (Modify 2026 Interim Committees)	-0.4
Total - Placeholders for other legislation	\$42.3

TABOR/ Excess State Revenues Impact

This bill is estimated to increase cash fund revenues by \$66,250 in FY 2026-27 and by \$33,125 in FY 2027-28, which will reduce the available General Fund in each fiscal year by equal amounts. This bill increases the TABOR refund paid from the General Fund by \$66,250 for FY 2026-27, reducing the \$42.3 million General Fund set aside for FY 2026-27 by the same amount.

Legislative Appropriation Authority

Continuous spending authority, also known as **continuous appropriation**, allows state agencies to spend money for statutorily specified purposes up to the total amount available in a specified fund source without seeking further legislative approval through the budget process.

The term *appropriation* is broadly understood as expressing or conveying legal spending authority. However, the term *appropriation* also inherently expresses fundamental legislative fiscal authority by communicating a *limit* on or maximum amount of spending from a specified fund source for a defined period such as a fiscal year. While continuous spending authority also expresses or conveys legal spending authority it does so by eliminating legislative fiscal authority and oversight.

An annual appropriation provides a limit on spending authority, while a continuous appropriation provides unlimited spending authority. This method of funding moves these expenditures off-budget, and thus expenditures are not reported or accounted for through the budget process.

Is it necessary for the Department of Regulatory Agencies to **not** seek annual authority from the General Assembly to spend money from the Strengthen Colorado Homes Enterprise Fund?
