1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 finds and declares that:

4 (a) Colorado law recognizes community schools as
5 evidence-based, democratic public-school models that integrate
6 academics, family engagement, health services, and community
7 partnerships;

8 (b) Under current law, the community school model appears
9 primarily as a last-resort accountability intervention, becoming available
10 after schools have entered priority improvement or turnaround status;

11 (c) Due to systemic inequities, the needs of Black, Latino, and
12 low-income students are unmet far more often and far earlier than
13 accountability systems recognize;

14 (d) The state must be proactive in allowing schools and families
15 to adopt evidence-based, comprehensive interventions, like the
16 community school model, before crisis emerges, thereby strengthening
17 public schools and ensuring all students have access to high-quality
18 schools; and

19 (e) School district contracting and metro-district land gifts have
20 enabled privatization that diverts public education dollars and governance
21 to private parties. These gaps must be addressed to preserve transparency,
22 oversight, and equity.

23 (2) This act establishes early pathways for schools to adopt proven

1 evidence-based, comprehensive interventions, like the community school
2 model, and supports equitable school success across Colorado.

3 **SECTION 2.** In Colorado Revised Statutes, **add** 22-32.5-112 as
4 follows:
