Bill Outcome: Signed into Law**Drafting number:** LLS 26-0319**Version:** Final Fiscal Note**Date:** May 19, 2026**Fiscal note status:** The final fiscal note reflects the enacted bill.

Summary Information

Overview. The bill prohibits energy providers from imposing certain restrictions on the installation or use of portable-scale solar generation devices and meter collar adapters.

Types of impacts. The bill is projected to affect the following areas on an ongoing basis:

- Minimal State Workload
- Local Government

Appropriations. No appropriation is required.

Table 1
State Fiscal Impacts

Type of Impact	Budget Year FY 2026-27	Out Year FY 2027-28
State Revenue	\$0	\$0
State Expenditures	\$0	\$0
Transferred Funds	\$0	\$0
Change in TABOR Refunds	\$0	\$0
Change in State FTE	0.0 FTE	0.0 FTE

Summary of Legislation

The bill prohibits a retail electric service or wholesale energy provider from requiring an individual to obtain the provider's approval before installing or using a portable-scale solar generation device. The bill prohibits anyone from restricting, prohibiting, or imposing unreasonable conditions on the installation, use, or operation of these devices.

The bill also requires the Public Utilities Commission (PUC), on or before December 31, 2026, to revise existing rules to explicitly require PUC-regulated utilities, municipally owned utilities, and cooperative electric associations to allow individuals to own and use meter collar adapters. These rules must prohibit such utilities from requiring a production meter as a condition of connecting to a customer-sited distributed energy resource.

State Expenditures

The bill increases workload in the PUC in the Department of Regulatory Agencies to revise existing rules to ensure compliance with the bill and for the Colorado Energy Office to monitor the rulemaking. It may also increase workload in the Department of Local Affairs to assist local governments with interpreting the law and amending local building codes. No change in appropriations is required.

Local Government

The bill may increase workload for certain local governments and municipally owned utilities to amend building codes and rules to comply with the bill.

Effective Date

The bill was signed into law by the Governor on May 7, 2026, and takes effect on August 12, 2026, assuming no referendum petition is filed.
