Bill Outcome: Signed into Law**Drafting number:** LLS 26-0237**Version:** Final Fiscal Note**Date:** May 20, 2026**Fiscal note status:** The final fiscal note reflects the enacted bill.

Summary Information

Overview. The bill updates dementia care facility disclosure requirements.**Types of impacts.** The bill is projected to affect the following areas on an ongoing basis:

- Minimal State Revenue
- Minimal State Expenditures

Appropriations. No appropriation is required.

Table 1
State Fiscal Impacts

Type of Impact	Budget Year FY 2026-27	Out Year FY 2027-28
State Revenue	\$0	\$0
State Expenditures	\$0	\$0
Transferred Funds	\$0	\$0
Change in TABOR Refunds	\$0	\$0
Change in State FTE	0.0 FTE	0.0 FTE

Summary of Legislation

The bill updates information disclosure requirements for dementia care facilities and authorizes the Department of Public Health and Environment (CDPHE) to use money from the Assisted Living Residence Improvement Cash Fund to implement the provisions.

By July 1, 2027, the CDPHE must create a dementia care services information form for dementia care facilities to complete and distribute to individuals seeking the facility's services. The form must include, at minimum, the facility's:

- dementia training requirements for staff;
- guidelines for physical and chemical restraint;
- security features and procedures; and
- placement, transfer, and discharge protocols, among others.

By October 1, 2027, facilities must provide the completed form to inquiring parties, update and publish the form at least once every five years with up-to-date information, and maintain the completed form onsite for inspection.

During an inspection of a dementia care facility, the CDPHE must require the facility to produce the current and completed form. Facilities that violate these provisions are subject to an administrative citation.

State Expenditures

The bill minimally increases state expenditures in the CDPHE to create a dementia care services information form and update facility licensure standards through rulemaking. Given the limited scope of these changes, it is assumed that this workload and any costs associated can be absorbed within existing resources and no change in appropriations is required.

Effective Date

The bill was signed into law by the Governor on May 4, 2026, and takes effect August 12, 2026, assuming no referendum petition is filed.
