## Summary of Legislation

---

The bill prohibits a person from discharging plastic pellets or other preproduction plastic materials from a facility through land application or into state waters, wastewater, storm water runoff, or other runoff. The bill excludes sewage treatment facilities.

Under current law, the Water Quality Control Commission in the Department of Public Health and Environment (CDPHE) may issue a permit for the discharge of pollutants into state waters under certain circumstances. The bill prohibits the CDPHE from issuing a permit for the discharge of plastic pellets or other preproduction plastic materials into state waters.

## State Expenditures

---

Beginning in FY 2027-28, the bill may increase workload in the CDPHE to respond to inquiries and complaints. This workload is expected to be minimal and can be accomplished within existing appropriations.

## Effective Date

The bill was signed into law by the Governor on March 30, 2026, and takes effect on August 12, 2027, assuming no referendum petition is filed.
