(c) The practice of behavior analysis in clinical settings where children may regularly be in therapy for several hours in a private facility warrants additional oversight for facility safety and any nontherapeutic operations. (B) Rules ~~promulgated~~ ADOPTED by the state board pursuant to this subsection (1)(a)(I) must require the fingerprint-based criminal history record check in all circumstances, other than those identified in subsection (1)(a)(I)(C) of this section, to include a fingerprint-based criminal history record check using the records of the Colorado bureau of investigation and the federal bureau of investigation and to apply to any new owner, new applicant, newly hired employee, new licensee, or individual who begins residing in the licensed facility OR CLINIC. (C) When two or more individually licensed facilities OR CLINICS are wholly owned, operated, and controlled by a common ownership group or school district, a fingerprint-based criminal history record check and a check of the records and reports of child abuse or neglect maintained by the department, completed for one of the licensed facilities OR CLINICS of the common ownership group or school district pursuant to this section for an individual for whom the check is required pursuant to this part 9, may satisfy the record check requirement for any other licensed facility OR CLINIC under the same common ownership group or school district. A new fingerprint-based criminal history record check or new check of the records and reports of child abuse or neglect maintained by the department is not required of such an individual if the common ownership group or school district maintains a central records management system for employees of all its licensed facilities OR CLINICS, takes action as required pursuant to section 26-6-905 when informed of the results of a fingerprint-based criminal history record check or check of the records and reports of child abuse or neglect maintained by the department that requires action pursuant to this part 9, and informs the department whenever an additional licensed facility OR CLINIC comes under or is no longer under its ownership or control.

(III) If the operator of a facility, CLINIC, or agency refuses to hire an applicant as a result of information disclosed in the investigation of the applicant pursuant to subsection (1)(a)(I) of this section, the facility, CLINIC, or agency is not subject to civil liability for the refusal to hire. If a former employer of the applicant releases information requested by the facility, CLINIC, or agency pertaining to the applicant's former performance, the former employer is not subject to civil liability for the information given.

(2) (a) (I) Except as otherwise provided in subsection (2)(a)(II) of this section, the state department may authorize or contract with a county department, the county department of health, or another publicly or

When contracting for investigations and inspections, the state department shall ensure that the contractor is qualified by training and experience and has no conflict of interest with respect to the facilities OR CLINICS to be inspected.

(b) A city, county, or city and county may impose and enforce higher standards and requirements for facilities OR CLINICS licensed pursuant to this part 9 than the standards and requirements specified pursuant to this part 9.

(3) Every facility, CLINIC, and agency licensed pursuant to this part 9 shall keep and maintain such records as the department may prescribe pertaining to the admission, progress, health, and discharge of children under the care of the facility, CLINIC, or agency and shall report ~~relative thereto~~ THE RECORDS to the department whenever called for, upon forms prescribed by the department. ~~Both~~ The facility, CLINIC, or agency and the department shall keep confidential all records regarding children and all facts learned about children and their relatives.
