Summary of Legislation

Under current law,¹ the General Assembly is required to increase appropriations to the Department of Local Affairs (DOLA) for firefighter heart and circulatory malfunction benefits and the Department of Public Safety (CDPS) for cardiovascular screening for peace officers, by the amounts shown in Table 2 below. The bill removes these required increased appropriations in FY 2026-27 only and adjusts appropriations to maintain funding at FY 2025-26 levels—\$500,000 for DOLA and \$250,000 for CDPS. Employer participation in the programs becomes optional if funding is insufficient to fully cover the costs.
