

An Act

HOUSE BILL 25-1215

BY REPRESENTATIVE(S) Taggart and Joseph, Bacon, Bird, Boesenecker, Clifford, Froelich, Hamrick, Lindsay, Rutinel, Stewart K., Velasco, McCluskie, McCormick;
also SENATOR(S) Bridges and Kirkmeyer, Amabile, Cutter, Exum, Hinrichsen, Marchman, Roberts, Wallace.

CONCERNING THE REDISTRIBUTION OF THE LOTTERY FUND, AND, IN CONNECTION THEREWITH, MODIFYING THE DISTRIBUTIONS OF LOTTERY FUND MONEY FOR THE PUBLIC SCHOOL CAPITAL CONSTRUCTION ASSISTANCE FUND, THE WILDLIFE CASH FUND, AND THE PARKS AND OUTDOOR RECREATION CASH FUND; MAKING NEW DISTRIBUTIONS TO THE OUTDOOR EQUITY FUND, A NEW OUTDOOR RECREATION ECONOMIC DEVELOPMENT CASH FUND, AND A NEW STRATEGIC OUTDOOR RECREATION MANAGEMENT AND INFRASTRUCTURE CASH FUND; MAKING ADDITIONAL TRANSFERS TO THE OUTDOOR RECREATION ECONOMIC DEVELOPMENT CASH FUND; AND MAKING AN APPROPRIATION.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly finds and declares that:

Capital letters or bold & italic numbers indicate new material added to existing law; dashes through words or numbers indicate deletions from existing law and such material is not part of the act.

(a) Since its creation, the outdoor equity grant program, administered by the outdoor equity board in the division of parks and wildlife, has provided a total of \$8.5 million to support meaningful outdoor experiences for Colorado youth of color, LGBTQ+ youth, low-income youth, indigenous youth, rural youth, and youth with disabilities. These transformative experiences have allowed individuals to discover and cherish the beauty of our state through environmental education, experiential learning, stewardship programming, and more. Through December 2024, this investment has supported more than 65,000 Colorado youth and families in experiencing the positive impact of the great outdoors.

(b) The demand for the outdoor equity grant program reflects a deep and growing need for opportunities that connect Colorado's underserved youth to the outdoors. In 2023, hundreds of organizations across the state put forward meaningful projects to empower youth through outdoor experiences, but the program could only support a small fraction of them due to limited funding. In 2024, the outdoor equity grant program board received 263 grant proposals with a total ask of \$21 million dollars.

(c) This pattern has repeated year after year, with the overwhelming majority of thoughtful and impactful applications going unfunded. Despite the program's success in transforming lives, only 14% of eligible applications have received support so far. The demand for this program is a testament to its importance, but it also highlights how much more could be done to ensure every young person in Colorado has the chance to experience the outdoors and the life-changing opportunities it provides.

(d) Public school capital construction assistance grant requests to address health and safety needs in school buildings vastly outnumber available grant funds every year. Increased funds for the public school capital construction assistance fund will help meet more of those qualified requests. These funds also generate local matching dollars for public school facility projects and are local economic drivers, with more than 17 direct and indirect jobs created or supported for every \$1 million invested in building excellent schools today (BEST) grant program schools.

(e) Increased investment in public school capital construction assistance grants ensures that more public school facilities can be renovated or rebuilt to meet modern safety and accessibility standards, creating

healthier learning environments and fostering long-term educational success for Colorado's students; and

(f) The general assembly has the opportunity to reallocate existing resources to support more of these critical programs without any new funding.

(2) Therefore, the general assembly declares that by prioritizing the outdoor equity grant program within our current budget, we can expand access to transformative outdoor experiences for Colorado's underserved youth, ensuring that more young people benefit from the life-changing impact of nature.
