

AMPLIFY Act: Digital Estate and Fiduciary Classification

Legislating Drafter Working Package — 33-bill modular AMPLIFY build

Legislating drafter file. This chapter draft is designed to stand on its own and to support modular insertion into broader AMPLIFY stacks.

Bill 30. AMPLIFY Act: Digital Estate and Fiduciary Classification

Single subject. Classification and treatment of protected digital interests in probate, trust, fiduciary, and succession settings.

Purpose. Provide the main estate/probate lane.

Draft structure

Section	Core draft direction
1. Short title	This act shall be known and may be cited as the “AMPLIFY Act: Digital Estate and Fiduciary Classification”.
2. Legislative declaration	The general assembly finds and declares that provide the main estate/probate lane.
3. Definitions	Definitions should be alphabetized, lowercase, and drafted in singular form unless a term of art requires otherwise.
4. Operative sections	Substantive rights, duties, approvals, or restrictions listed below.
5. Administration	Rulemaking, designation of administering authority, records, notices, and implementation mechanics.
6. Construction	Independent operation, severability, no implied repeal, and other necessary construction clauses.
7. Effective date	Effective date and any conditional clause required by filing strategy.

Draft definitions

fiduciary. a person acting as trustee, conservator, personal representative, guardian, receiver, or similar role recognized by law.

protected digital interest. a resident's protected digital soul interest or related control interest recognized by law.

successor designation. a resident's lawful designation of a successor for specified protected digital interests.

Draft operative provisions

Section 4. Classification

- Protected digital interests shall be classified and administered as provided by this act and other applicable law.
- A fiduciary may act with respect to protected digital interests only within the scope authorized by law and any valid resident designation.

Section 5. Successor designations

- A resident may make a successor designation in the manner prescribed by law or rule.

- A valid successor designation governs to the extent permitted by law.

Section 6. Construction

- This act shall be construed to preserve resident intent, privacy, and narrow access by fiduciaries to the extent authorized by law.

Required construction clauses

- Independent operation. This act operates independently and remains effective whether or not any related measure or companion act is adopted.
- Severability. If any provision of this act or its application is held invalid, the invalidity does not affect other provisions or applications that can be given effect without the invalid provision or application.
- Single-subject construction. This act shall be construed to embrace only the single subject described in its title and no separate subject shall be inferred from a remedy, definition, recordkeeping duty, funding mechanism, or construction clause that is necessarily and properly connected to that subject.

Annex and Effective-Date Integration

Annex incorporation

Annex A to this measure contains fiduciary-interface templates, successor-record forms, and Family Vault classification tables.

The annex may supply administrative forms and classification tables but may not expand fiduciary access beyond what this measure allows.

Effective date and implementation

This measure takes effect on the date declared by law following approval; except that form-based fiduciary interfaces and Family Vault administrative tools may phase in on the implementation schedule.

Heritable status and successor-recognition rules take effect with the measure, subject to lawful implementation procedures.
